Elmer Gove

CHAMPLAIN VIEW GARDENS • BURLINGTON, VERMONT

Emperor

Apple Blossom

Royal Stewart

Maytime

Caribbean

Apple Blossom (411) (Fischer) (Pl. Pat. 1571)

White with rose pink edge, the Corona type. Early and very easy doer.

Caribbean (371) (Fischer) (Pl. Pat. 1654)

Ruffled light blue with dark blotch. Many open blooms. Easy grower.

Emperor (467) (Baerman-Fischer) (Pl. Pat. 1655)

Distinctive shade of Royal Purple with white throat. Very tall robust grower with long head of bloom. More purple than in picture.

Maytime (445) (Fischer) (Pl. Pat. 1591)

Pink with white throat. Tall long headed variety that is easy to grow.

Royal Stewart (446) (Pommert) (Pl. Pat. 1339)

A big he-man red that is tops in its color. Grand show flower.

Joyous

Little Pansy and Landmark

Sparkler

Little Pansy (277) (Fischer) (Pl. Plat. 1934)

The first miniature All America variety. Very distinct and attractive.

Joyous (464) (Flad) (Pl. Pat. 1832)

Tall vigorous plant. Much richer and better than in the picture.

Sparkler (313) (Fischer) (Pl. Pat. 1741)

Airy graceful butterfly type. Long head.

LANDMARK SPORT CONTEST

Landmark does so well in Florida as a cut flower that Selected Glads, Inc. would like to find a white sport of it as white is more useful to florists than cream. They are offering **\$1,000.** for the first white sport to be accepted. So grow plenty of Landmark and you may be the lucky one to find a white sport of it. If interested I can send you a circular giving complete details of the contest.

Gypsy Dancer

Landmark

China Blue

Rusty

Gypsy Dancer (327) (Fischer) (Pl. Patent 2063)

Fresh vibrant deep orange in the decorative size.

Landmark (512) (White) (Pl. Pat. 1933)

Extremely tall strong grower with an enormous head of bloom opening 10-14 very large flowers. Grow this and show your neighbors how glads grow for you.

China Blue (571) (Fischer) (Pl. Patent 2062)

A beautiful large blue of fine color and form. Good grower. The largest real blue in commerce. An improvement in blues.

Rusty (597) (Murray W. Fisher) (Pl. Pat. 1781) Late

The first All America "Smokey." Chocolate red blends with the subdued "Smoky" color. Tall huge spikes.

.35 for each bulb
1.00 for 3 bulbs*
3.45 for 12 bulbs*
6.50 for 24 bulbs*

Varieties by Special Attributes

Here is a partial list of varieties by special attributes. No doubt there are many more that should be in one or more of these groups. In the **Most Beautiful** for example a color that one person loves another abhors. There are all kinds of tastes but I have put down some that I think should be in by any standard.

In **Earliest to Bloom** most miniatures should be in, tho some miniatures are late.

I try to make my descriptions as accurate as possible without going into too intimate detail which often confuses the customer. I haven't given the exact classification in every instance as the class-committee has decided, as I don't think they are infallible. For example, the corona type, that is cream or white with pink around the edge, is classified as cream tho the general effect is pink. I have heard that argued by the hour in committee meetings.

Many 200's are really 300's when well grown. But if you are exhibiting at a show you had better go along with the classifications as given in the nomenclature.

LARGEST FLORETS Autumn Sensation, Bird of Paradise, Brown Bomber, Bull Market, Goliath, Harrisburger, Inez, Landmark, Lavender Masterpiece, Moon Magic, Red Emperor, Regina Coeli, Showtime, Tahiti.

MOST OPEN BLOOMS There are many that

open 8-10. The following usually open that many or more depending on conditions. Arctic Beauty, Baker's Dozen, Bandwagon, Ben Hur, Beulah Fortnam, Blue Midget, Brown Chief, Bull Market, Concerto, Congo, Coppertone, Damascus, Dark Victory, Dido, Director, Elite, Gem State, Golden Rosette, Goliath, Lavan- esque, Lavender Ribbon, Ming Yellow, Tahiti, Wedding Bouquet, Whisper, Yellow Jacket.

LARGEST AND TALLEST PLANTS Angelus, Appleblossom, Baker's Dozen, Bandwagon, Brown Bomber, Brown Chief, Campanile, Chinese Yellow, Concerto, Conrad, Damascus, Deep River, Fantasy, Forsythia, Golden Pheasant, Golden Rosette, Goliath, Golden Era, Green Ice, Green Woodpecker, Landmark, Lavan- esque, Lavender Masterpiece, Rubaiyat, Tahiti.

MOST STRIKING AND UNUSUAL Acidan- ther, Alpenrose, Angelus, Ares, Caballero, Chickadee, Chocolate Desire, Deep River, Fall Days, Fantasy, Felix, Frolic, Gay Paree, Green Waters, Green Woodpecker, Happiness, Henna, L'Amour, Lavender Masterpiece, Lilac and Chartreuse, Madrid, Mombo, Mystic Melody, Orchid Charm, Orchid Driftwood, Prudence, Rapture, Repartee, Sunburst, Trade Winds, Tri-tone, Yellow Jacket.

MOST HEAVILY RUFFLED Abiqua, Ber-

muda, Bridal Wreath, Fantasy, Golden Waves, Happiness, L'Amour, Lilac and Chartreuse, Party Ruffles, Pink Prospector.

MOST BEAUTIFUL Alouette, Angelus, Blue Mist, Carmen Corliss, China Blue, Cradle Song, Fantasy, Fresh, Gay Paree, Golden Pheasant, Golden Treasure, Golden Waves, Happiness, Heavenly Pink, Cheerfulness, Dimples, Exquisite, Goldruff, Honey Lou, L'Amour, Lemon Ruffles, Mayday, Ming Yellow, Modesty, Orient, Pam, Pink Parasol, Pink Prospector, Rare China, Scarlet Plush, Vision, Warbler, Whisper.

EARLIEST TO BLOOM Autumn Sensation, Aztec, Bow-Bells or White Friendship, Bridal Wreath, Dido, Earliana, Early Spring, Ivory

Frills, June Moon, Lavender Ribbon, Little Wonder, Pink Organdy, Puck, Superba, Valiant, Windermere, Yellow Supreme.

LATE BLOOMERS Acidanthera, Blue Midget, Chinese Yellow, Conrad, Gem State, Golden Pheasant, Ming Yellow, Reward, Sugar Ell, Sunnydale, Top Brass, Vermilion Beauty.

BEST COMMERCIAL PROSPECTS AMONG THE NEWER ONES Angelus, Blue Mist, Bridal Wreath, Climax, Glacier, Golden Pheasant, Green Ice, Heavenly Pink, Icicle, Lavan- esque, Lavender Ribbon, Lohengrin, Ming Yellow, Okay, Repartee, Sunnydale, Sweetbriar, Tahiti, Tri-Tone, Valiant, Wedding Bouquet, Whisper.

"I received your **collection** last year and everybody picked them above all my others. They were beautiful."

—Arthur H. Peabody, New Hampshire

Dear Friends,

Here I am with my 39th annual catalog which may be my last. Then it may not. I may be like some actors and singers who make a farewell tour every year.

I want to thank everyone who sent me those nice orders last year. I hope every one was pleased. I know many were as they have already come back with much larger orders this year. But if you had troubles just drop me a line. Perhaps I can help you.

This year I have a much better list of varieties than ever before including a number of new ones of the Super Baerman Strain and some from other leading hybridizers.

If you are a beginner and have not grown any of the modern glads you don't know what you are missing. They are worlds ahead of the old timers in beauty of form and color and general all round excellence.

Glads are easy to grow and they give more satisfaction than any other flower I know of. There are varieties suitable for every conceivable use to which flowers can be put.

Wishing you a bountiful season,

Elmer Gove
ELMER GOVE, *Apostle of Beauty*

New 1962 Baerman Varieties

L'Amour 350 (Innocence X Emperor) Midseason-late. For sheer

charm of form combined with exquisiteness of color it would be hard to equal this lacily ruffled rose pink with creamy yellow throat. The color description sounds prosaic but it is really "different" and yet is beauty personified. Mr. Baerman says it has a feminine personality, whatever that is in a glad. Perhaps it is the unusual form of fancy frilling and ruffling that will appeal to the advanced amateur. Personally I like salmon better than rose shades. But I do love this one. When I first see a glad I either like it or don't like it. This one appealed to me the instant I saw it. It opens 8 on a nice long head.

It is far more beautiful than the picture on the back cover. The transparency was fine but not well suited for making a color plate.

Each: L 2.00, M 1.50, S 1.00

STARTER UNIT: 2 L, 2 M, 3 S and 25 Bts. for \$10.00

Heavenly Pink 342 (Baerman-Wagner-Gove)(Seedling

x Seedling) Early Midseason. Remember Coryphee, the color sensation of a generation ago? It was beautiful but crooked so badly that it soon passed out. Here is a glad very similar in exquisiteness of color and even more beautiful but with a ramrod straight stem. **Heavenly Pink** has such a ravishingly beautiful tone of pure pink verging on rose pink that it will create a sensation. Its florets recurve like roses and have a rose-like picoteeing of paler pink at the edge which gives the glamorous effect of backlighting. This glad is not affected by extreme heat, holding 9 fresh florets open in 100° temperatures. A marvelous commercial prospect especially for near by use. After long distance shipping in tight bud it retains its color but does lose a little in size.

Mr. Baerman is extremely enthusiastic about this variety. Another grower has secured a good block of this for his cut flower business. A good propagator.

Any size \$2.00. No bts. this year.

Lavender Masterpiece 564

(Baerman-Gove-Weeks-Frazee-Turk) (Emperor x Seedling) Midseason. Everyone who saw this massive 6-inch lavender with up to 8 open florets wanted to buy it, so the stock was split four ways. The round, waxy, saucer-like florets are beautifully frilled. Most 500-size glads are lacking in quality but this is a really high class thing. Don't fail to add this topnotcher to your list. See cover for picture.

Each: L 2.00, M 1.50, S 1.00

Lavender Ribbon 460 (Violet Charm x Cam-

panile) Early. This looks like a wonderful commercial lavender with its ideal florist color and its perfect 9-10 open spikes right down the row. It looked so promising in the field that time and time again Mr. Baerman had chances to sell it after I had bought it. The color is somewhat like Campanile with a cream throat. It might be called a Campanile Violet Charm.

As in the **L'Amour** the engraver couldn't use the beautiful Ektacrome transparency due to technical reasons. Shall try to get a good one next year. One of the very best lavenders I have seen. Should hold its own on the show table as well as being a grand cut flower.

Each: L 1.50, M 1.00, S .75

STARTER UNIT: 2 L, 2 M, 3 S and 25 bts. for \$7.00

Ming Yellow 416 (Baerman-Wagner-Gove) (Golden Sun-

shine x Prospector) Late A very handsome yellow which opens 10 consistently from large bulbs and will do 7 open even from #6's. The deeper lip reminds one of Prospector but **Ming Yellow** opens a much longer head than its pollen parent and is more ruffled. The florets fit together very neatly and are pleasantly recurved. Stems are ramrod-straight. Opens well in water. Mr. Baerman considers this his best commercial yellow to date and is very enthusiastic about it. See cover for picture.

Each: L 2.00, M 1.50, S 1.00

Mystic Melody 460 (Baerman-Weeks) ML. Sister

seedling of Lilac and Chartreuse but is lavender instead of blue-lilac and has a huge golden throat and upper petal splashes of rich canary yellow. A bit larger than Lilac and Chartreuse and fully as good if not better. But both are distinct and terrific novelties.

L 2.50, M 1.80, S 1.20, B 10/2.50

Powder Blue 471 (Seedling x Seedling) Midseason. Here

is the top blue to date from Mr. Baerman who has produced many excellent blues. With 8 almost 500 size wide open, rolled back, needlepoint florets open at a time it makes a most impressive spike of a lovely soft "powder blue" color. There is a small dark blotch. The florets are of excellent substance, unusually flat open and with ideal attachment. The best cut flower blue I have seen and a natural show winner. **Blue Mist** introduced last year has been acclaimed by a number of commercial growers as being extra fine but **Powder Blue** is larger and Mr. Baerman

considers it far better. Another good cut flower grower has bought a large interest in it. See picture on cover.

Any size \$2.00 each

Ruffled Lotus 410 (Golden Sunshine x Seedling) Midseason-Late. Since Corona and Columbia passed their heyday, glad fans have been looking for a really good pictotee glad—white with a pink edge. This is it! The picture is a little too creamy; it is actually a waxy white glad with a delicate pink edge and a cream throat. **Ruffled Lotus** often opens 12 florets. Another grower who saw this after I had bought it declared it was the best glad in the field. It grows 6 ft. and over right down the row and always straight. See cover for picture.

L 2.00, M 1.50, S 1.00

R-W-B (Red, White & Blue)

456 (Caribbean x Prunella) Midseason-Late. The only flower found in Nature which possesses the three primary colors—red, blue and yellow—is said to be the strelitzia or Bird of Paradise flower. I have never heard of a red, white, and blue flower in nature, though it may exist. But here we have this unique color combination in the most novel glad I have ever seen. **R-W-B** is rose-red with a deep blue-violet blotch on an off-white ground. Not particularly beautiful by the highest standards but superlatively striking. As a conversation sparker among garden visitors nothing can equal it! Blooms from all sizes but the larger bulbs will be sent out first if you wish them. See cover for picture.

Any size, each \$2.00

Scarlet Plush 436 (Seedling x Seedling) Early Midseason. Mr. Baerman has a wide variety of red seedlings coming along and, though some of them are better commercials than this one, he chose this as his favorite from the standpoint of sheer beauty. The name describes it. The velvety texture enhances a color so intense it reminds one of the new phosphorescent paints. A really gorgeous glad for the backyard gardener. Really super for color saturation. Healthy and vigorous. See cover for picture. Better than picture.

Each: L 2.00, M 1.50, S 1.00, Bts. 35 cents each

UNIT: 1 L, 2 M, 3 S and 10 bts. for \$9.50

Valiant 443 (Southern Belle x Innocence) Early. Fresh medium pink with small white eye—almost a self color. It holds 8–10 open nicely ruffled blooms right down the row with a wonderful ribbony effect. Heads are very uniform with absolutely regular placement and tight attachment. It cuts 100%. The bulbs of a size all bloom together and make a most impressive sight.

In addition to its other good qualities it is one of the best openers I ever saw. Last year when I returned from Oregon, I brought a spike in tight bud along with some others wrapped tight in a paper. When I got home nearly 2 days later I put it in water and to my surprise it opened up as nice and fresh as if just cut in the garden. I predict this will take its place as a commercial cut flower right alongside Friendship and Early Spring. It has a larger head of open bloom than the others and is of the same season but a cooler color. You cut flower growers take notice. See picture on cover.

L 2.00, M 1.50, S 1.00

UNIT: 1 L, 2 M, 3 S, and 25 bts. for \$12.50

GROWERS' UNIT: 3 L, 3 M, 10 S and 250 bts. for \$50.00

Victorian Rose 456 (Julia Mae x Rosita) Early. Here is a clean rose-red of a color very popular in the Victorian Age, which grows 5½' tall with up to 12 open blooms. Mr. Baerman's only rose-red and a really good one. If you want a glad with a beautiful "American Beauty" shade of rose and a long ribbon of bloom, this is it. One of the 2 or 3 earliest varieties in Mr. Baerman's field. See cover for picture.

Each: L 1.50, M 1.25, S 1.00

UNIT: 2 L, 2 M, 5 S and 25 bts. for \$12.50

GROWERS' UNIT: 3 L, 3 M, 10 S and 250 bts. for \$47.50

Whisper 300 (Baerman-Wagner-Gove) (Innocence x Seedling) Early Midseason. This 10 open 300-size white is charmingly frilled and snowy white save for a whisper of pink in the throat terminating in a soft sulphur yellow glow. The intricate, fanciful tracery of pink in the throat adds interest to a chastely beautiful ensemble. Many will consider this more beautiful than a pure white flower. See cover for picture.

Each: L 1.50, M 1.00, S .60

UNIT: 2 L, 2 M, 5 S and 25 bts. for \$9.50

"I feel I must compliment you on sending me a superb parcel of Glads this time and your clerk by the name of Jim did a superb job in packing. The corms arrived in perfect condition and were the most beautiful I have ever seen. After removing the skins ready for planting, they showed that supreme quality which a real Glad Fan can immediately recognize." —Mr. Reginald Wildig, England

New Introductions for 1962

From LEO KLEIN

Bridal Wreath 300 VE - 60 days.

The most exquisitely ruffled and heavy textured of all white glads. For sheer beauty, it is difficult to visualize any glad more beautiful than **Bridal Wreath**. While not a massive formal spike maker, it has a clarity and freshness of color and an appealing distinctiveness of form and ruffling that makes it unique.

Bridal Wreath is not only unique in style, but also in that it received the highest score of any glad ever submitted for scoring by the Canadian Board of Seedling judges—a fabulous 94 points in gaining its Award of Merit in 1960. It was also the highest scoring seedling rated by the Empire State Glad Society Seedling Committee in 1961 when it received the "Award of Commendation." **Bridal Wreath** has had many other "wins" including an "American Home Achievement" medal in 1960. Hence it is obvious that it can make impressive show spikes, even though its main value may eventually be a florists' glad where its unusual beauty sets it worlds apart from ordinary white glads.

It holds up to 9 open with 6-8 in color on a 19-21 bud spike. Placement is usually good and attachment is excellent. It sets seed freely and transmits its heavy ruffling and texture to many of its progeny. It is an excellent propagator and blooms freely from bulblets.

\$5.00 any size bulb

STARTER UNIT: 5 (any size) plus 25 bbts.

\$20.00. Write for prices of larger units.

From LINS GLAD FARM

(His descriptions)

Madrid 324 (Flame Girl x Trocadero) EM.

For the utmost in brilliant unusual color the nomination goes to Madrid. The brilliant luminous orange seems to be illuminated as though fluorescent. The most unusual color novelty we know of. Blooms early midseason on good 4' spikes.

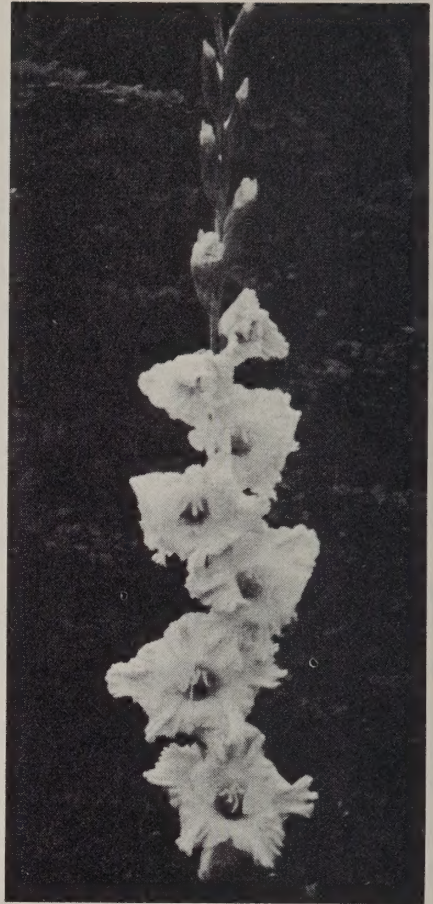

L 2.00, M 1.00

I have grown this and it is **good**. E. G.

Orient 424 (Trocadero x Regina) EM.

This is another new orange which for dignified beauty is in a class by itself. A rich clean creamy orange deeper in color than the yellow orange of Regina but lighter than Trocadero. **Orient** is more beautiful than either of its parents. The heavy textured bloom is well formed and ruffled. The color is so lovely even the most discriminating will appreciate it. Blooms early midseason on good 4' plants.

L 2.00, M 1.50

Bridal Wreath

Late bloom from a small bulb

From SYDNEY MODE

(Mr. Mode's Descriptions)

Coral Beauty 330 (Wedgewood x Bo-Peep) E.

A gorgeous new release for the fancier, florist and home gardener; considered the most ruffled and heaviest substance of any variety in commerce. In color a lovely coral orange shading to a cream throat, blooms in 70 days, grows tall and straight, heads are only a moderate length, 20 buds 22 inches, opens 8 four inch florets. A very charming and fascinating glad.

Any size \$1.50 each, Blbts. sold with bulbs at 5 for \$1.00

Purple Crown 466 (Tyndall) (King David x Wonder Boy)

M. A crowning achievement in purple; truly a masterpiece in this color class. A beautiful rich dark purple, slightly darker near the throat but practically a self color. Always grows tall and straight with long heads of 27 or more inches, easily opens 8 five inch ruffled florets with eight showing color. Destined for great popularity either for exhibition or commercial purposes. Highly recommended. Shown once, won Champion Seedling at Ottawa, 1960.

L 3.00, M 2.00, S 1.00, Blbts. sold only with bulbs at 10 for \$3.00.

Show Time 566 (Tyndall) (Florence Nightingale x Seedling)

E. Another sensational new purple; an early flowering giant reddish purple which opens 7-8 wide-open large needle pointed florets. Attachment and placement excellent; a reliable grower of tall straight spikes. Has been a consistent blue ribbon winner as a seedling at many Ontario shows.

L 3.00, M 2.00, S 1.00, Blbts. sold only with bulbs at 10 for 3.00

From **MARION RICH**

Fresh 310 (Jaunty x Pure Cream) M.

The freshness comes from its crisp ruffling; clean cool cream color with light yellow throat and cream stamens. It is ramrod straight with excellent facing and attachment. Its show record is impressive. It has won all kinds of prizes as a seedling and scored 88. Received Award of Merit and was Reserve Champion. Its field performance averages 56 inches tall, 27 inch flower head, 4½ inch blooms, 22 buds and up to 9 open. Bulblets germinate very well if cracked. It is a great show prospect and will be an excellent cut flower.

Each \$2.00 any size, Bulblets 10/2.00

Ice Mist 400 (Friendship x Pure Cream)

EM. **Ice Mist** is an immaculate lightly ruffled pure snowy white with greenish cream in center and white stamens. It grows tall and straight with excellent facing and other habits. It blooms very well from all size bulbs and germination of bulblets is good. Bulblet production is heavy.

It makes a very fine early cut flower white and show spikes with up to 9 open. It grows well over 4' tall, has about 27" flower head, 24 buds and 5" blooms. A large stock permits a low introductory price.

L 1.00, M .75, S .50, Bulblets 10/1.00

GROWER UNITS: 5 Large, 10 Medium and 25 small and 500 bulblets for \$25.00

From **ALEX SUMMERVILLE**

(His descriptions)

Aztec 414 (Larus) Very Early. Distinctive and beautiful medium

buff yellow, slightly deeper in throat. Moderately ruffled, wide open and tightly attached to the 27-32 inch heads. Opens 5-7 of its 17-20 buds. Grows up to 5' high. Healthy and excellent propagator. Blooms earlier than any other variety in commerce.

L 1.00, M .75, S .50, Bts. 10/1.00

Bakers' Dozen 442 (Larus) Mid-season. Here is a

sensational show flower that can beat anything in its class when well grown. The 5¼" florets are a clean medium pink with a light yellow throat.

The wide open well placed blooms are ruffled and in perfect formal placement with up to 13 open. The heads are 30-36" long on a plant often 65" tall. In all our many years of growing glads we have seen no other variety that could produce such outstanding show spikes. Healthy and excellent propagator.

L 2.00, M 1.50, S 1.00, Bts. 10/2.00

UNIT: 1 M, 1 S, 10 bts. for \$5.00

Brown Bomber 596 (Summerville) 80 Days. Large

bulbs of **Brown Bomber** will produce truly phenomenal spikes—flowerheads of 34" to 36" with up to 28 buds and ten 6½"-7" florets open in formal placement. One of the giants of the glad world. Color is chocolate brown with some red in the throat. Florets are lightly ruffled and wide open. Winnings include half a dozen or more seedling championships. Produces vigorous growth, plenty of bulblets and beauty rarely seen in the odd shades of glads. Bulblets germinate easily and grow to good size.

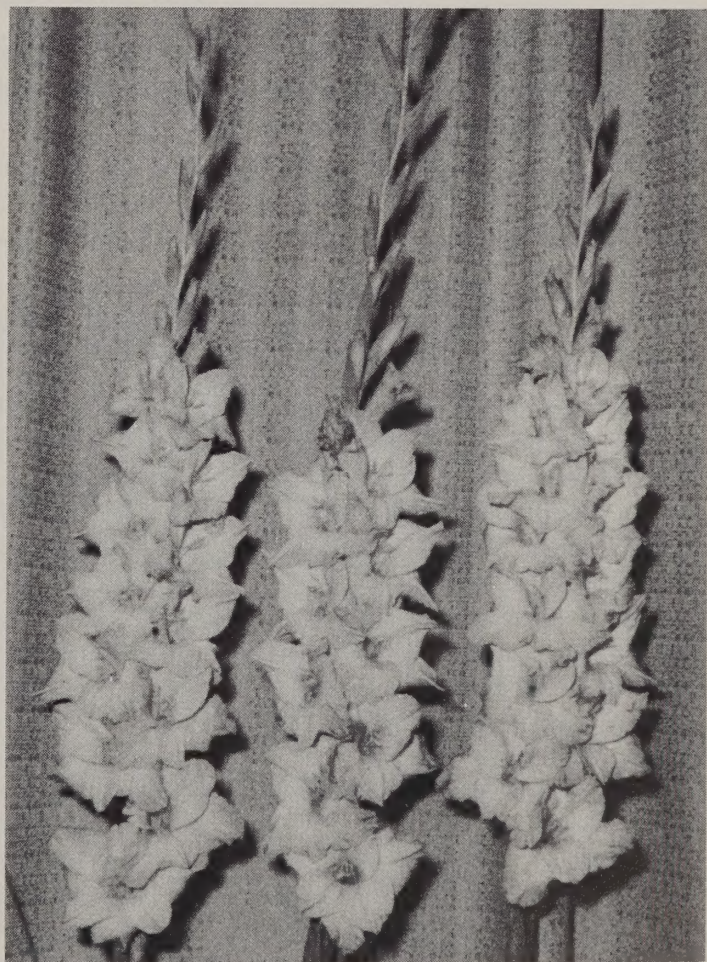

L 2.00, M 1.50, S 1.00, Bts. 10/2.00

From **TED WOODS**

(His descriptions)

Earlianna 341 (Blue Mount x Apple-blossom) Very Early. **Earlianna**

is a fine variety that will be much in demand for its early blooming date as well as its pleasant blend of color. The background is light pink, upper petals are suffused with delicate rose purple while the throat has a deep rose

Bakers' Dozen

purple heart shaped blotch. The 4½ inch florets are heavy textured, ruffled and needlepointed and with a silken sheen. Length of flower head 28 inches holding 22 buds, 8 open and 8 showing color. Over all height of its willow stem is 58 inches. Foliage is short and deep green. Good bulblet production and excellent germination. **Earlianna** is without doubt a fine commercial and exhibition variety.

Golden Era 416 (Catherine Beath x Prospector) Medium Early. An exciting deep yellow self. The color is that of Prospector's deep yellow blotch. We have grown **Golden Era** for several years with wonderful results and believe this is another Picardy of old in the deep yellow class. A tall vigorous grower, consistently uniform 60 inch spike, 30 inch flower head with 22-24 buds, 8 open and 8 showing color; 5½ inch heavily textured florets held tightly to stem. Frilled, fluted, raised midribs and somewhat recurved petals. **Golden Era** makes an impressive spike with its superb coloring. It has great promise as a commercial and exhibition variety.

Rubaiyat 548 (Red Wing x Royal Flush) Medium. Beautifully colored bright glossy unmarked deep red. Its rich red color has a glistening luster that makes it stand out from any other red and is a beauty to behold. We have grown **Rubaiyat** for a number of years and are much impressed by

its stamina and performance. A willowy spike over 60 inches tall, 22-24 buds with 8 or more open on a 30 inch flower head. Well attached 6 inch ruffled and frilled florets. Very outstanding for commercial and exhibition.

Tahiti 554 (Laddie x Red Lightning) x Miss Madison Early. New beautiful color in the rose color class, deep coral rose. The color of this fine glad reminds one of the South Seas with its beautifully colored coral reefs. **Tahiti** has been well received by our florists and in great demand for floral work. It will easily open 10 or more on a 30 inch flower head. Wide open 6½ inch floret accented by a silvery fringe on all petals. Chamois textured, ruffled and fluted to needlepoint. Straight strong willowy spike over 60 inches tall. **Tahiti** has won its share of ribbons wherever shown.

"Inez has proved unusually good. I am adding to my stock." —Donald Douglas, Wisconsin

"My order last year of **Star Collection No. 1A** of small bulbs was the greatest collection of colors that I have ever seen." —David Czirr, New York

"Your **dark-colored collection** of 2 years ago was tops of any glads I ever purchased." —Henry B. Ward, Ohio

Various Stages of Gladiolus Nuttery

The following paragraph describing the various stages of gladiolus growing has attracted so much attention and been quoted so many times that I am repeating it again for the benefit of new readers.

"There is a fascination about growing glads that becomes a hobby, then a craze. There are five stages of interest in growing 'glads.' First you just grow them as an amateur, same as you would any other flower. Then as your interest in them increases you become a 'fan,' then a 'bug,' then a 'nut,' then finally a 'fiend.' When you reach this final stage you are hopeless. You think of 'glads' all day, dream of them at night, spend every available minute of your time in the garden, talk of them, visit the shows, read all the catalogs and spend all your money on them. You will look lovingly at the last flower in the fall, will handle over your bulbs in the winter time and will hardly be able to wait till you can lovingly plant the bulbs in the spring. From then till the first bloom appears is a period of happy anticipation. When finally the spikes of blooms begin to appear you are in heaven."

In which class are you? I have been in the last class for years. A number have written me that they are in a still more advanced stage, the "Damn fool" stage. That must be about the height of something.

Mr. Flavel Ransom of Penn. writes that there is another stage beyond the "Damin Fool Stage." This is when one starts crossing varieties and growing seedlings. I guess he is right. That's the stage I am in now. And believe it or not I am getting some good ones. Mr. Ransom mentions "**Gladinebriacy**" an incurable disease, sometimes contagious, confined to Homo Sapiens.

General List of Gladiolus

10 of a variety and size at the price of 8 where stock is available.

E, M and L denote early, midseason and late blooming.

B means bulblets

ALOUETTE 352(Butt)E This exquisitely beautiful heavily ruffled rose lavender with yellow throat has been in the miniature class but is now classified as 352 which is correct as it is a bit big for a miniature. This is one of the most beautiful and satisfactory small glads in existence. An easy grower. Should be grown by every cut flower grower and every amateur for the garden.

L 2/.25, M 3/.25, S 5/.25, B Pkg. .25.

10 assorted sizes for .75.

APPLAUSE 411(Butt)M Creamy yellow with fiery red blotch. Opens 8-9 nicely waved blooms on a tall straight spike. Long heads of 21-23 buds.

L .40, M .30, S .25.

AQUA QUEEN 470 (Fischer) M The best low-priced blue and one of the "bluest." Tall healthy grower. Nothing better at the price.

L .20, M 2/.30., 4/.30.

ARCTIC BEAUTY 400(Warr)M Pure chalk white. Opens 11 on a long head. Nicely ruffled. Tall strong grower. Fine for exhibition or as a commercial.

L .60, M .40, S .30, B 8/.25.

AUTUMN GREEN Held for increase.

AUTUMN SENSATION 590(Grenchuck)E Giant rose mahogany with bright red throat mark. Big formal spikes with 10 open on very long heads. 5 ft. tall. Very robust and healthy.

L 2.00, M 1.50, S 1.00, B .20.

AUTUMN SPLENDOR 597(Barrett)M Rose mahogany or brown with red throat marks. Ruffled, needlepointed. Opens 6 of 20 buds. Fine novelty.

L .60, M .40, S .30, B 8/.25.

BAND WAGON 446(Summerville)M A clean light red with white throat that has made a great start as a show flower having won many many prizes including Grand Champs. Very tall plant with long heads and 10 open out of 26 buds. A good commercial too.

L 1.25, M 1.00, S .75, B 5/.75.

BERMUDA 531(Roberts)M Clear light salmon with creamy white throat. Extremely heavy ruffling with texture like leather. Opens 8/9 well placed blooms. Fine for breeding. One of the greats.

L .40, M .30, S .20.

BEULAH FORTNAM 466(Jack)M A lavender sport of Violet Charm that produces the same huge heads of bloom and a better color. Has cream throat. Grand show flower and fine commercial too. Well worthy of being named for the one and only Beulah Fortnam.

L and M 1.00, S .75, B .35.

BIRD OF PARADISE 510(Sommers-Koerner) M A novelty of novelties. Unlike anything else—see picture. The long narrow petals all of about the same size are ruffled, fluted, serrated and needlepointed. Pinkish apricot with lighter edges and deep coral red in throat. Fine for

Bird of Paradise

arrangements. One of the most popular varieties I have ever had. If you want something *different*, this is it.

L .25, M .20, S 3/.25, B Pkg. .25.

BLACK ARROW 458(Lins)EM Plain petaled, heavy textured dark red which opens 6-8 well placed florets on a long head. Fine for exhibition and a beautiful variety.

L .35, M .25.

BLACK VELVET 358(Jack)M Deep velvety black red with a rich mahogany lustre. Broad ruffled blooms. Tall spikes with 8 open. A very good black red.

L 1.50, M 1.00, S .60, B .20.

BLUE BUTTERFLY 470(White)E Pale ruffled blue with deeper blue throat. Very tall strong grower. Opens 7 4 $\frac{3}{4}$ in. blooms on a 30 in. head of 22 buds. One of the most popular blues.

L .40, M .30.

BLUE DIAMOND 470(Mode)E An improved shade of medium blue with a small feather on creamy throat. 6 open on a 25 inch head. Good doer. One of my favorites.

L .25, M .20, S 2/.25.

BLUE MIRACLE 470(Barrett)M Barrett's best blue. Upper petals medium blue shading darker to the edges and lower petals mostly creamy white with blue picotee edges. Clear throat. Opens 8 on a 27 inch head. Unusual and good.

L 1.50, M 1.00, S .60, B 2/.25.

BLUE MOUNT 476(Woods)M Tall strong growing, healthy deep purplish blue of unusual shade with fuchsia marks in throat. Opens 8 with 8 showing on a 26 inch head. Stands weather unusually well.

L .75, M .50, S .25.

BLUE PETER 476(White)L Very tall dark blue. Blooms well from all sizes.

L .40, M .30, S .20.

BLUE RAMBLER 370(Barrett) Clean medium blue self color. Ruffled more than other blues. Opens 6-7 with 6 in color on a 21 bud spike.

L 1.00, M .60, S .40

BLUE SMOKE 586(Rich)M Heavily ruffled bluish mulberry with glowing salmon blotch. Tall strong straight grower that opens 6-9 on a long head. Very unusual. I think you will like it. Good breeder.

L .25, M 2/.30, S 2/.20, B 10/.25.

BLUE VELVET 376(John Doe)MS Very velvety clear dark blue. Tall strong plant. Opens 6 lightly ruffled well placed blooms.

L 1.00, M .75.

BROWN BETTY 397(Roberts)M Light brown to mahogany red with large yellow center. Very showy and unusual.

L 1.00, M .75, S .50.

BROWN CHIEF 496(Hatch)EM Brown buds which open to brown on edge shading to brownish rose in the center. Makes huge spikes of well placed, strongly attached somewhat ruffled blooms with 8-12 open. Needs large bulbs and good culture to have it at its best but it can surely amaze you when well grown.

L .25, M 2/.25, S 3/.25, B Pkg. .25.

BROWN LULLABY 496(Pazderski)L Unusual light golden brown with a deep tan interior giving it a dark effect. Red spot in the throat and a silver edge on the petals. Opens up to 12 with good placement and attachment. Very consistent doer. Great show flower and one you will surely want in your garden. Extremely popular.

L .35, M .25, S 2/.30.

BULL MARKET 586(Fairchild)M. Giant plant and bloom. Smoky rose. 25 buds on 36 inch heads and up to 9 6 $\frac{1}{2}$ " to 7" florets open at once. You giant and smoky lovers sure want this one.

L .75, M .60, S .40, B 10/.75.

CAMPFIRE GLOW 583(Jack)M Giant salmon smoky. 8 open on a 30 inch head and 5 foot plant. A good one and fine propagator.

L .40, M .30, S .20.

CAPT. BLOOD 454(Chase)E Beautiful black red with glistening sheen. Opens 10 large well placed blooms on a medium height plant. Fine grower. You will like it.

L .25, M 2/.30, S 3/.25, B 15/.25.

CATTLEYA 560(Larus)M Heavily ruffled orchid lavender with perfect form and placement. 8-9 open on long heads. Very popular.

L .60, M .50, S .40, B 10/.75.

CHINESE YELLOW 417(Cotter)LM Extremely vigorous 6 ft. grower. Green buds which turn to greenish yellow then to deep golden yellow of an unusual shade and with a reddish line in the throat. Opens 8 on a long head. Petals are rolled back and of heavy texture.

L .35, M .25, S 2/.25.

CHOCOLATE DESIRE 491(Meine)LM Chocolate with red blotch. Heavily ruffled and fluted. A very popular variety. Stock is limited.

L and M .35, S .25.

CIMARRON 354(Larus-Summerville)LM Medium rose shading lighter toward the center and with a small rose purple throat. Opens 8 on a long head with good placement.

L .60, M .40, S .30, B 10/.60.

CONCERTO 454(Larus)M Striking medium deep rose with a conspicuous very deep rose throat. Opens 8-10 in perfect formal placement. Very long heads on plants nearly 6 feet tall. Can make Grand Champ spikes. Burns some in extreme heat so cut it when starting to open.

L 1.00, M .75, S .50, B 10/1.00.

CONGO 558(Lins)M Gorgeous giant black red, one of the best. Florets are glossy, velvety with heavy substance. Opens 9-10 6 inch and larger blooms.

L .30, M .20.

CONNIE G 510(Woods)M This is an old time heavily ruffled cream—wonderfully fine but it went the way of most glads. I know of only one grower in the country who has good stock now. And his is simply superb—nothing finer. I have bought what he has but it will not last long. So get your order in very early.

L .35, M .25.

CONRAD 417(Tyndall)L Very tall, 6 feet or more, straight stemmed deep yellow with slightly ruffled well placed and attached blooms of heavy texture. Reminds one of Spotlight but deeper color, smaller red blotch, taller and straighter plant. Opens fine when cut in bud, so should make a good commercial. Very outstanding in its season.

L .25, M 2/.30, S 3/.30, B 15/.25.

COPPERTONE 486(Butt)M Coppertoned reddish smoky that opens 10 well placed frilled florets on strong straight stems. Won both Silver and Gold Medals in the Canadian Trials, very unusual for a smoky. Visitors to my field liked it. Makes fine bulbs.

L 2.00, M 1.50, S 1.00.

CRONUS 326(Rupert)L Ruffled clear bright orange shading to yellow throat. Opens 8-9 on a tall plant. Can win grand champs. Really nice.

L .50, M .35, S .25, B 25/.50.

DAMASCUS 596(Larus)M Large heavily ruffled rich mulberry tan with large clean white throat. Unusually beautiful for a smoky. Robust 5 foot plant with 8 of 19-23 buds open on a head of 30 inches or more. Stands the sun well. Has won many prizes including Grand Champs.

L 2.00, M 1.40, S 1.00, B 5/1.00.

DANCEUSE 320(Butt)E The Butterfly type. Extremely ruffled and heavy textured very deep yellow which deepens to red at the petal edges. Always straight spikes of 16-17 buds with 7 well placed blooms open at a time. Overall effect of color is buff.

L 2.00, M 1.50, S 1.00.

DARK BRILLIANCE 458(Puerner)LM Deep wine red sport of King David with a velvety glossy surface and silvery picotee edge. Buds

are nearly black. Opens 8 of its 20-22 buds. Good keeper. Very nice.

L .25, M 2/.25, S 3/.25, B 15/.25.

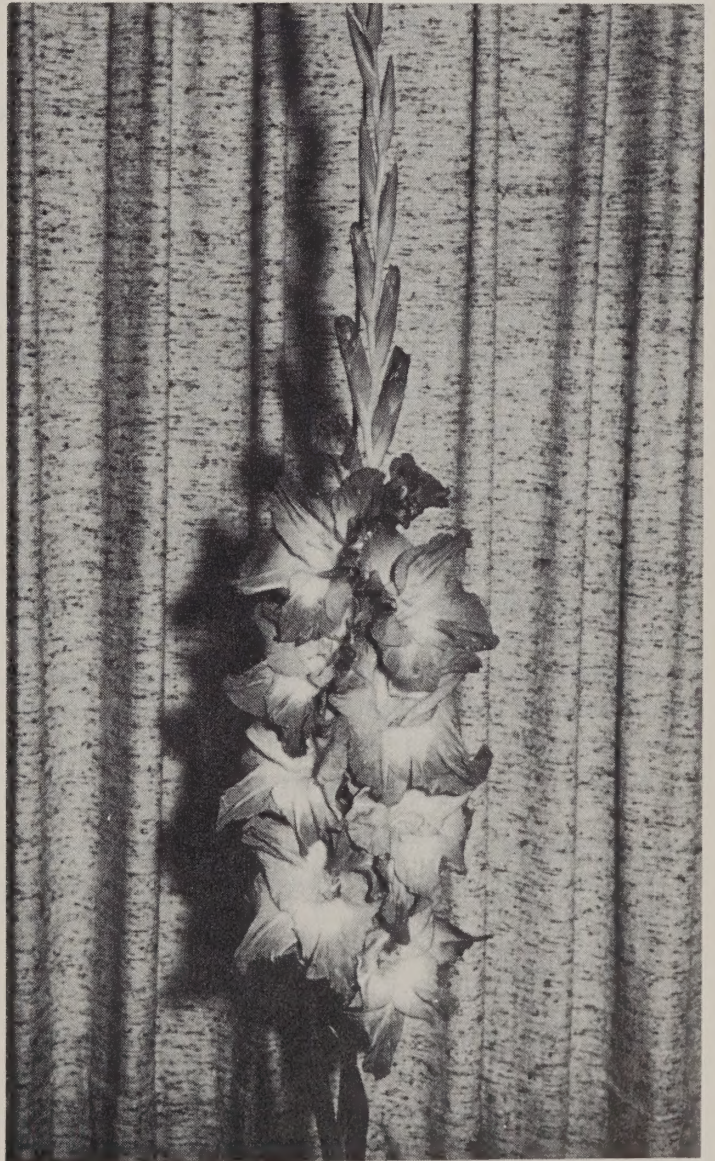

DEEP RIVER 558(Griesback)MS Gorgeous rich deep maroon or black red. Clear smooth glossy color with no markings. It opens 7-8 giant nicely ruffled broad petalled blooms of heavy substance on a 20 bud spike. Very vigorous with dark green foliage. One of the very best of its color. Recommended very highly.

L 2.00, M 1.50, S 1.00.

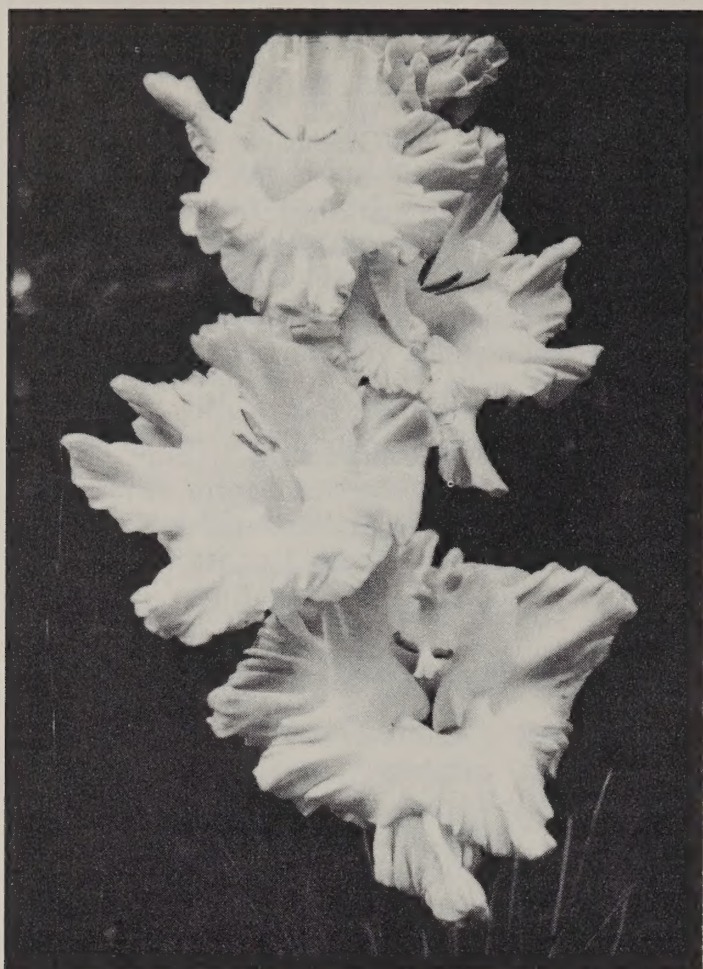

DIMPLES 340(Rohrbach)M Superlatively beautiful in both color and form. Pure pink shading to white throat. Extreme ruffling and texture like leather. Opens 7 of its 17-19 buds. Beauty personified. See picture. Extremely popular.

L .25, M 2/.25, S 3/.25.

DIRECTOR 456(Roberts)L A spectacular ruffled deep raspberry rose shading slightly darker in the throat and with faint white line on the lip. Very tall strong grower with a long head of about 20 buds and opening 9-12 large well placed blooms in double row with most of the remaining buds showing color. Opens fine

Damascus

Dimples

when cut in tight bud. A grand and distinct flower. Good breeder.

L .50, M .35, S .25.

ENCHANTRESS 442(Roberts)E Pure light pink with a silvery sheen and snow white lip. The whole flower has a glistening texture. Tall slender plant with 6-7 beautifully frilled, fluted and recurved blooms open at a time.

L 1.50, M 1.00, S .75.

ERIN 304(Pruitt)E Deep chartreuse green with inner petals somewhat deeper and with a small blotch. One of the greenest of the greens. A grand novelty and good cut flower. Tall straight grower with 6 wide open blooms at a time. Produces lots of bulblets but they need to be cracked or soaked or sunned to make them germinate well. All the green ones are very popular.

L .25, M .20.

EXQUISITE 330(Lins)E Heavily ruffled warm apricot or peach pink. Very beautiful. One of Lins' best.

L .30, M .20.

FAIRY BEAUTY 350(Jack)EM Beautifully ruffled light rose shading to light lavender on the edge of the petals and with a cream throat. Tall spikes with 9-10 open. Fine for both exhibition and cut flowers.

L .20, M 2/.25, S 3/.25, B 10/.20.

FALL DAYS 584(Hatch)EM A smoky difficult to describe. Very unusual. Deep orange pink with a bluish border and a bluish spot in the throat. Opens 6-8 with 8 showing on a tall plant. Have had fine reports on it. Stock limited.

L .25, M 2/.25, S 3/.25, B 20/.25.

FANFARE 462(Butt)M Beautiful rose orchid blending to warm buttermilk throat. The straight slender stems have 20 buds and 8 open with several in color. Very vigorous healthy plants. Won Silver Medal in Canadian Trials.

L 1.50, M 1.00, S .60.

FANTASY 430(Rich)M The dragon or parrot type, intensely ruffled and with green spurs on the back of the petals which show the color through on the front side. A novelty of novelties. Really the darndest thing you ever saw and very beautiful too. Color is sparkling salmon. Wonderful keeper. Tall strong grower. Very popular. Demand always outruns the supply.

L .25, M .20, S 2/.25.

FAR EAST 415(Lins)M A ruffled and waved chartreuse yellow with a small bright scarlet throat spot. Opens 7-8 wide open, well attached and well placed, massive, heavy textured florets on 4' straight spikes. A regular He-man glad. **Far East** is one of those bright glamorous varieties which will cheer up any place.

L .25, M 2/.30.

FELIX 401(Hatch)M Creamy white sometimes tinted pink with darker pink lines radiating from the center on each petal. Very tall strong grower with a huge head of bloom. Opens 10-5" florets in good placement with the rest of the 20 buds in color. Often has a 30" head. Grows 5 feet tall and over. Opens well from tight bud.

L .25, M .20, S 2/.20, B 20/.25.

FIREFLAME 436(Rich)EM Brilliant ruffled orange scarlet self color. Has all the good qualities a commercial or show flower needs including ability to open when cut tight. Opens 8 with 12 showing color. Has won numerous awards. One of the best reds.

L .25, M 2/.30, S 3/.30.

FLAMBOYANT Held for increase.

FLAMING JET 449(Jack)M Bright red (geranium lake) with large cream blotch and midribs. It opens 10 well placed and attached blooms on a 30 inch head and 5 ft. plant. The blooms are beautifully ruffled, fluted and rolled back. Bound to be very popular both for exhibition and as a cut flower as well as for the home garden. Outstanding. Good propagator.

L .75, M .50, S .35.

FLORADORA 410(Kydd)M Large creamy white deepening to creamy throat. Tall straight plant with 8 of its 22-24 buds open. Formal

placement. Good attachment. An ideal show flower. Healthy and good grower.

L .25, M .20, S 2/.30, B 15/.25.

FORWARD 400(Woods)L Pure white. Opens 8 heavy textured ruffled recurved and fluted formally placed blooms on a long head and 5 ft. plant. Healthy and strong grower.

L 1.50, M 1.00, S .50.

FUTURE HOPE 434(Kydd)EM Sport of that great show flower Atlantic. Salmon pink with small white throat and midribs. Opens 9-10 on heads of 24-27 buds. Very tall strong grower.

L 1.25, M .75, S .50.

GAY BLADE 436(Pruitt)M Bright orange scarlet with small white spot on lip. Opens 8-9 on a tall strong stem. Good placement and attachment. This is a real addition to the scarlet class that should prove valuable both as a commercial cut flower and for exhibition. Good propagator. Don't pass this by. You will like it. Have had grand reports on it.

L .50, M .35, S .25, B 10/.25.

GAY PAREE 454(Woods)EM This is a most delightful and unusual rose that has a lively rose color and a wide silver edge around all petals. A deep fuchsia spear in the throat. It opens 8 ruffled, fluted and needlepoint wide open 6 inch blooms on a 30 inch head with 8 showing color. 22-24 buds. Very distinctive. One of my favorites. You can't go wrong on this one.

L .25, M .20, S 2/.25.

GEM STATE 343(Roberts)L This is one everyone wants either for the home garden or for exhibition. As it is a bit late it should be started early for the shows but a well grown spike (and it is easy to get them) can win Grand Champ in any competition. It opens 12 well placed blooms in double row and the spikes right down the row are as alike as peas in a pod. Don't miss it. Medium light pink with creamy white lips that are edged pink.

L .50, M .35, S .25.

GLACIER 400(Arenius)LM Heavy textured cream throated white that has won plenty of Grand Champs and is also a grand commercial. Opens 7-9 out of 20-22 buds with near perfect placement and good attachment. Tall strong grower.

L .25, M .20, S 2/.25.

GOLDEN PHEASANT 426(Kroon-Weeks)M A magnificent golden orange—a fine "Autumn" color—the finest in its class. Tall straight plants with 6 or more rolled back and needle point blooms open. Grand commercial cut flower. Don't miss this one.

L .50, M .35, S .25, B 10/.50.

Gem State

GREEN ICE 404(Barker)M I consider this variety one of the most valuable introductions of the last 32 years—since Picardy was introduced. Greenish cream shading darker toward the center. It opens 8-10 or more on a tall straight plant with 6-7 in color. Wonderful show flower and as a commercial cut flower the demand is increasing every year. In our flower shop we use large quantities for all purposes. It makes magnificent funeral pieces. A basket of **Green Ice** gives a cool effect so fine for decorations in hot weather. A really grass green would be a better novelty for the amateur but **Green Ice** is more valuable as a commercial cut flower. Good propagator and fine for breeding. **Green Ice** was introduced 5 years ago but is just getting started on its career. It will be around for a long time. Blooms well from small bulbs. Don't fail to grow **Green Ice**.

L .20, M 2/.30, S 3/.25, B 20/.25.

GREEN WATERS 404(Gove)MS The greenest glad yet. Solid clear green shading slightly deeper toward the throat. It opens 7-8 well placed waved and somewhat ruffled blooms on a straight plant 4½ feet or more tall. Fine healthy plant and good propagator.

L 2.00, M 1.25, S .75, B 2/.25.

GREEN WOODPECKER 405(K and M)EM Deep lemon green with wine red blotches. Opens 10-12 large blooms on a huge plant. I can't call

Honey Lou

Inez

it beautiful but it is unusual and a good variety. Will be very popular for exhibition and the home garden.

L .25, M .20, S 2/.25.

HIT PARADE 364(Lins)E Clean medium deep lavender with lighter throat that will become one of our most popular lavender varieties. Opens 8 on a 4' slender straight plant. Nice form and just about perfect in all ways. Fine early cut flower.

L 2/.35, M 3/.35.

HONEY LOU 460(Mode)M Beautiful blending of rose and lavender shading to a buff throat. Heavily ruffled and frilled as the picture shows. Blooms well placed and strongly attached. Very long heads on an unusually tall plant. Is fine every year. One of my favorites.

L .30, M .25, S .20.

INEZ 526(Hatch)EM Huge glowing orange that does not fade. Opens 8-9 6-7" blooms on a long head. Have good reports on it. See picture. Strong healthy grower and makes nice clean bulbs. Rated tops in its class by good growers.

L .25, M 2/.25, S 4/.25, B Pkg. .25.

IRISH ROSE 434(Butt)M Rich rose salmon with green throat. Strong sturdy plant opening 8 5 inch blooms. Good placement and attachment. An all round fine variety.

L .40, M .30, S .20, B 15/.25.

JACK OF SPADES 458(Sisson)EM Gorgeous heavily ruffled black red. Tall with long heads of 26 buds with 8 open. Considered the best in its class and one of the best of all.

L 1.00, M .60, S .40, B 3/.25.

JAY CEE 335 (Jack Cartmell) Late Deep salmon with large light yellow throat peppered lightly with red. 24-28 buds, 8-10 open—long heads—perfect placement. Has won many championships including Grand Champs. Has both mechanical perfection and beauty. One you surely want.

L 1.00, M .75, S .50, Bts. 3/.30.

JOHNNY BOY 336(Vawter)M Orange scarlet glowing self color. The best I have seen in its class. Makes nice spikes with 8-9 open. Good show winner.

L .50, M .35, S .25, B 10/.50.

LEMON RUFFLES 414(Rich)E Nicely ruffled clean chartreuse yellow, deeper toward the throat. A very chaste and beautiful flower. It grows over 4 ft. tall with 9 open, 8 in color and long head. This is really nice. Yellows are plentiful but this is "different".

L 1.50, M 1.00, S .75, B 10/.75.

LOHENGRIN 460(Klein)M Light lavender with white throat that is among the best commercial lavenders on the market. Grows very tall and straight with long heads with 7-8 well placed and attached blooms open and the rest showing color. Very rugged and reliable. Good shipper.

L .35, M .25, S 2/.35, B 15/.25.

10 assorted sizes 2.00.

MAHOGANY 558(Lins)M Large ruffled dark mahogany red blending to black red at the edge. An unusual and fine color. Opens several wide open well attached velvety 5½" blooms. 18-20 buds with many showing color. One of my favorite dark reds.

L .40, M .30.

MANDY 491(White)LM Deep mahogany brown with deeper throat markings. A new and unusual color. Makes big massive spikes of large blooms.

L .40, M .30, S .20.

MARJORIE NADEAN 542(Blanden)M Medium pink with white throat. Outstanding exhibition variety. Opens 8-10 on tall straight spikes with good attachment and placement. Heavily ruffled.

L 1.25, M 1.00, S .75, B 3/.25.

MASTERPIECE 464(Klein)M Outstanding lightly ruffled deep lavender that can win in most any show. Opens 10 with 10 in color on a tall plant. Easy grower and fine propagator.

L .25, M .20, S 2/.25, B 10/.25, 100/2.00.

MAYDAY 443(Roberts)EM Very beautiful heavily ruffled pure pink. Opens 7 or more nearly 500 size blooms. Smooth clear color and extreme ruffling combine to produce one of the finest varieties in existence.

L .50, M .35, S .25.

MIKADO 526(Roberts)M Finely veined bloom like **The Roan** I introduced some years ago which was very popular. But the color of this one is a distinctive salmon orange. Opens 6-7 huge flowers on a good spike.

L 1.50, M 1.00, S .75.

MODESTY 442(Gove)MS Last year I called this salmon but Larry Rupert our Registrar says it is pink. Anyhow it is a very beautiful clean color with white throat, no markings or streaks. Nicely ruffled and waved. Opens 9 with 18-20 buds. Fine propagator producing quantities of bulblets which often bloom. A good breeder too.

L 1.00, M .60, 3/1.50, S .35, 3/.90, B 10/.50, 100/4.00.

MY FAIR LADY 334(Butt)M Deep salmon pink blending to a creamy throat. Entrancingly beautiful Butterfly type. Opens 7 waved blooms in airy placement on a spike of 18-20 buds.

L .40, M .30, S .25.

MYSTERY ROSE 454(John Doe)MS Unusual and attractive light American Beauty shade. Opens 7 five inch flat open blooms. Good substance and light ruffling. It was used as a postage bulb last year and a number of people wrote me that it was the most beautiful glad they ever saw. I don't claim that for it but I know it will be very popular.

L 1.00, M .60, S .40, 3/1.00, B 3/.25.

PAGAN 456(Butt)M An improved but slightly smaller version of Burma. A bit deeper in color and with better placement and opening quality. Heavily ruffled and of heavy substance. 7-8 open on a 4 ft. stretchy stem. Deep rose.

L .25, M 2/30, S 2/.25, B Pkg. .25.

PAM 426(Tufts)M Beautiful clean sparkling light orange shading lighter toward the center and with a greenish throat. Opens 8-9 well placed and attached ruffled and needlepointed blooms on an 18-19 bud spike. Grand cut and show flower. Opens well in water. Good propagator. 50 inches tall. A *fine* variety.

L .35, M .25, S 2/.25, B 15/.25.

PARTY RUFFLES 410(Rich)LM Very beautiful ruffled cream tinted pink. Somewhat like Opalescent but with more color. The picture shows the form and style of spike. One of the very best varieties. In breeding it produces magnificent seedlings with lots of ruffling and in many colors. Don't miss it.

L .25, M 2/30, S 3/30, B 25/.50.

Party Ruffles

Pinafore

PATTI PICKENS 335(Woods)M Deep salmon pink blending lighter toward the center. The two lower petals are medium yellow shading to salmon pink tips. Recurved and needlepointed. Heavily ruffled and textured. Very regular placement. Opens 9 or more on a long head and nearly 6 ft. plant. Very reliable grower and good propagator. Good commercial and show variety.

L 1.50, M 1.00, S .50.

PEACH RUFFLES 330(Beverly Calhoun White)ML Light to medium orange salmon. The top petal is a bit lighter and very slight deeper veining on the lip petals. A most luscious coloring. It opens 8-12 compactly and perfectly spaced heavily ruffled waxy blooms at a time. Besides being one of the most beautiful glads it is a great show winner, having won many prizes tho shown only by the originator. It has Seedling Champs, Section Champs and Reserve Champs to its credit—but above all beautiful. Has also been "The People's Choice" at one show.

L 1.25, M 1.00, S .75.

PINAFORE 300(Fischer) Extremely beautiful heavily ruffled white of great substance. Opens 8 of 17-19 buds on a tall straight spike. If you appreciate beauty you want **Pinafore**.

L .25, M .20, S 2/.25, Bts. Pkg. .30.

PINK CURLS 342(Barrett)M Heavily ruffled, frilled and fluted clear medium pink which

lightens toward the throat giving the effect of a picotee edge on the petals. Just about the ultimate in beauty. Not an exhibition glad but a must-have for those who appreciate beauty. Good grower and propagator.

L .30, M .25, S .20.

POLESTAR 401(Cotter)EM A fine cut flower white that opens and keeps well. Opens 9-10 with 7 in color on a 5' tall willowy stem. Scored A at the Worcester show and a "vote of commendation" at the Boston show.

L .35, M .25, S 2/.25.

QUAKER LACE 400(Roberts)M A most gorgeous lace-like creamy white with intense fringing and lacination of top and lip petals. The other petals are nicely frilled. It makes long heads with 8-9 open blooms. A most unusual and beautiful variety you should have. Only a fair propagator so price is still rather high.

L 2.50, M 2.00, S 1.50.

QUAKER LADY 476(Butt)M For some reason this is classified as deep violet but it is really a light bluish lavender with a dark throat mark edged yellow. A different color and most pleasing. 4' tall with straight stiff stems and with 7-8 open. A nice strong grower and good doer.

L .25, M 2/.30, S 3/.25, B 25/.25.

RED EMPEROR 546(White)M Huge 6½-7 inch light red—nearly scarlet self color. The largest scarlet I have seen. Tall strong straight stem with 7-8 open blooms on a 30 inch head. One of the very best.

L 1.25, M .75, S .50 B 3/.25.

REGAL ROSE 455(Woods)MS A new shade of begonia or medium Neyron Rose. Opens 9 or more with 7 showing color. Heavy texture with frilled and rolled back petals. Tall strong robust grower and good propagator.

L 1.50, M 1.00, S .50.

REGINA COELI 500(Queen of Heaven)E Huge snow white. Nicely waved. Fine early cut flower.

L .25, M 2/.25, S 4/.25, B Pkg. .35.

REWARD 416(Pruitt)LM Very beautiful clear deep yellow shading to amber lip. See picture for exquisite form and ruffling. Opens 6-7 on 17-19 bud spike. Strong attachment, good placement. One of the tops in yellow and a favorite of mine ever since I first saw it in Mr. Pruitt's seedling patch. Grand cut flower and good breeder.

L .25, M 2/.30.

RIVAL 347(Tyndall)E Lovely glowing light red with large cream throat. Very brilliant color

Reward

combination. Opens 7 nicely ruffled blooms on a long head.

L .40, M .30, S .20, B 12/.25.

ROSARY 534(Butt)M Fine deep rose salmon with deeper throat. Makes huge spikes of 22-24 buds with 10 open, well placed and strongly attached. Won both Silver and Gold Medals in Canadian Trials.

L 2.00, M 1.50, S 1.00.

ROSEDENE 454(Warr)E Lovely heavily ruffled pure medium rose of an unusual shade with a clean white throat. Needlepointed, 4½" florets, good attachment and placement, 4½' tall. Very healthy and vigorous and a fast propagator. A sensational commercial prospect.

L .35, M .25, S .20, B 12/.25.

ROSE LACE 354(Jack)E Medium rose with cream picotee edge and a deep cream lip feathered deep rose. Opens 10 ruffled florets on a tall spike. It has won every vase and basket class in which it has been entered.

L .30, M .20, S 2/.30, B 5/.20.

ROUGE VIN 446(Woods)M Formal clean unmarked red. Grows nearly 5' tall with 8-9 florets open on a 28" head of 22 buds. Good attachment, placement and a straight willowy stem. Florets have good texture, rolled back and wide open. Does not burn in hot sun. Fine commercial and show variety.

L .35, M .20, S 2/.20.

ROYAL SPORT 447(Klein) Sport of Royal Stewart. Red with a large white center. Very bright and distinctive. This has won for best seedling many times and Grand Champ several times. Also Award of Merit by C.G.S. and Award of Commendation by E.S.G.S. In England C. A. Hunt, Hon. Show Secretary, Surrey,

"With this order in 1961 it makes just 30 years I have been buying bulbs from you. Isn't this a record time for one man to fool a customer?????"
—Martin Tonn, Wisconsin

England, wrote "The 12 Royal Sport bulbs all produced magnificent spikes, but I missed the shows with all but one and that one won the Grand Championship over some well grown Landmarks".

Any size bulb 2.00.

Special Unit: 2 L, 2 M, 2 S and 25 bts. for 10.00.

SALMON QUEEN 532 (Schenck)M Tall striking clear salmon with huge spike of bloom with often 11 open. Ruffled needlepointed, has good attachment. An all round fine variety that can win Grand Champs in any show.

L .25, M .20.

SANDSTORM 480(Woods)M Outstanding rose lavender smoky. It has a darker smoky halo around all petals and a lavender spear on the lip. Tall straight plant with 8 open on a long head. Ruffled, fluted and needlepointed. This is one smoky the florists like. Heavy propagator.

L .50, 3/1.25, M .35, 3/.95, S .25, 10/1.75.

SAUCY 326(Larus-Summerville)EM Bright salmon orange with cream throat with 4-6 open of 17-21 buds. Has been a good winner at the shows including Best Seedling and Award of Merit. With its brilliant color it is fine for decorative purposes.

L .50, M .40, S .30.

SCARLET LADY 536(Eppig)E Here is that early scarlet everyone is looking for. Clean orange scarlet which is sun-fast. Opens 7-8 six inch ruffled florets on a 30" head with 7 in color. Grows 5' tall. Always straight and opens well in water. Has a very promising future.

L .75, M .60, S .40, B 10/.75.

SNOW GARLAND 400(Lacey)LM Tall straight rugged plant with a long head and 10 exquisitely ruffled strongly attached and well placed blooms open. An unusual white that stands out in any company. Great for shows and looks like a good commercial too. A gorgeous white.

L .75, M .50, S .35.

SNOW VELVET 400(Fischer)EM A beautiful velvety ruffled white that opens 9-11 on a 22-24 bud head. Wonderful for exhibition or for cut flowers. Blooms well from all sizes. One of the best of the new whites. Medium height.

L .25, M .20, S 2/.20.

SOLITAIRE 465(White)M Heliotrope self color. Opens 10 heavily ruffled florets of good substance with 21 total buds. One of my best sellers.

L .75, M .50, S .25.

STATESMAN 520(Greenfield)M Clear buff

with deep salmon throat feathers. Opens 7-8 6-7 inch blooms on a head of 20-24 buds. Grows 5½-6 ft. tall. Won many prizes as a seedling.

L 2.00, M 1.50, S 1.00, B .20.

SUGAR ELL 434(Vennard)L A beautiful and unusual colored glad. Salmon overlaid with a coral sheen. Opens 5-7 on a head of 19-20 buds. Tall strong straight willowy stems. Makes fine spikes from all sizes. A grand cut flower for late in the season or earlier if started early. Mr. Vennard, the originator, says his son uses thousands of these in his flower shop and he thinks there is nothing nicer for floral work.

L .20, M 2/.30, S 3/.30, B Pkg. .30.

SUMMER SKY 470(Baerman)EM There are quite a number of fine blues on the market but a number of glad "Experts" tell me this is the nicest colored one of all and the nearest to sky blue. It opens 8 round somewhat ruffled blooms on a long head. Easy grower. A well known show grower said Summer Sky was "some" glad.

L .75, M .50, S .35, B 4/.25, 100/4.50.

SUNBRIGHT 415(Dearth)LM Clear light yellow with darker throat and small rose red spear on the lower petals. Very tall strong grower with 8 blooms open and 19-26 total buds with a head up to 36" long. Has won all kinds of prizes at many shows and the florists like it too. The color harmonizes with all other colors. If you want to win prizes in this class by all means try **Sunbright**.

L .20, M 2/.30, S 3/.30, Bts. 20/.25, 100/1.00.

SUNBURST 434(Baerman-Majeski)E An unusual and bright colored variety that is really startling. Ruffled salmon pink with a brilliant explosive blotch of velvety scarlet bordered yellow. Compared with the old Starfire it is far superior and Starfire is still popular. If you want to surprise your friends get Sunburst.

L .35, M .25, S 2/.30, B 10/.35.

SUNNYSIDE 351(Roberts)EM Beautiful light lavender rose with a glowing golden center. An unusual and most attractive color. Somewhat waved and frilled. 6-7 open on tall slender stems. A must have for the home garden, a good show prospect and a fine decorative type.

L 2.50, M 2.00, S 1.50.

SUPERBA 401(Hatch)EM Snow white with a small purple feather that gives the flower class and does not detract from it like some blotches. Fine early cut flower that we use extensively in our flower shop. Large wide open blooms. Very distinctive and distinguished flower.

L .35, 3/1.00, M .35, S 3/.25.

SWEETBRIAR 454(Klein)M Beautiful rose pink with yellow throat. Waxy texture with heavy ruffling. Opens 8 on a 21 bud spike. Good attachment and placement. One of the most

beautiful and satisfactory in the rose shades. One of our finest cut flower pinks.

L .25, M 2/.30, S 3/.25.

SWEETEST MAID 430(Lins)M A grand glad and big husky that belies its name. Very beautiful heavily ruffled light salmon. Flat wide open blooms, over 4' tall with 8 open on an 18-20 bud spike. Blooms well placed and strongly attached. Good grower and propagator.

L 2/.35, M 3/.35.

SYDNEY'S CHOICE 466(Tyndall)M Large ruffled dark purple with a white line on mid-ribs of lower petals. The wide open, well attached, 4½ inch ruffled florets are beautifully formed and have a rich velvety sheen. The plant is tall and carries 22 to 24 buds opening 10 with 7 more showing color. One of the very best purples.

L .75, M .50, S .25.

TEMPTRESS 440(Fairchild)M Very light pink with a few deeper pink lines in the throat. A bit weak in color but it makes such grand heads of bloom with 9-11 open that it has become very popular. A sure winner at the shows. Often makes 30" or longer heads with up to 25 buds.

L .25, M 2/.35.

THRILL 426(Lins)M Ruffled 5" wide open bloom in a shimmering brilliant salmon orange scarlet blend. The inside of the large upright upper petal is blended pink. Opens 6 of these beautiful blooms on 18 bud heads on 50" plants.

L .50, M .35.

TIGERTONE 326(Fairchild)E Opens 8 heavy textured ruffled florets on a well proportioned head of 20 buds. Color is a very striking deep red orange. The Champion vase of **Tigertone** at So. Jersey caused more comment than any other variety in the show.

L .25, M 2/.30, M 2/.20.

TONTO 586(Elliott)M Fine rose smoky. About the strongest and biggest plant I have ever seen. Opens 6-8 large well placed wide open blooms on a very long head of 24 buds. The huge plants often have leaves over 4 ft. long under ordinary conditions. Healthy dark green foliage.

L .25, M 2/.30, S 2/.25, B Pkg. .25.

TOP HAT 458(Rich)M Glistening velvety ruffled black red that opens 8 5½" round blooms. Good substance, placement and attachment. Does not burn. 4½' tall. A grand variety.

L .50, M .40, S .30.

VISION 331(Roberts)L Superbly beautiful pale pinkish salmon with large cream center. Opens 9-11 ruffled blooms. One of the best show

glads. Has won "Most beautiful" and Grand Champs. Stock always limited.

L .50, M .35, S .25.

WARBLER 316(Gove)E Green buds that open to a soft yellow tinged with green. An exquisitely beautiful clean color. Heavily ruffled. Opens 6-7. 45-50 inches tall. The Butterfly type. Hard to beat for beauty. Heavy propagator.

L .75, M .50, 3/1.25, S .35, 3/.90, B 5/.25, 100/4.00.

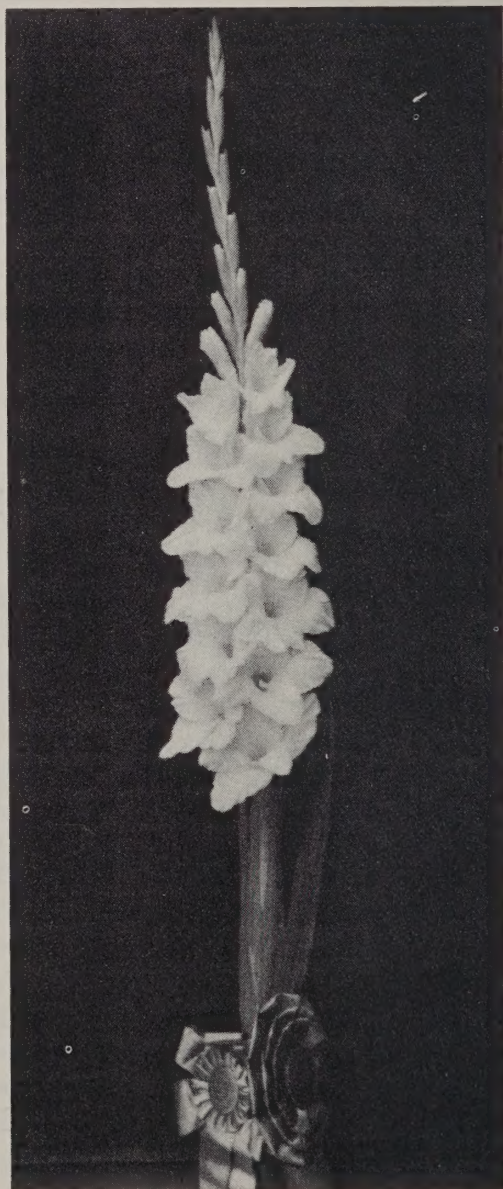

10 assorted sizes 3.00.

WATERMELON PINK 444(Baerman)E Deep pink with clean white lip. Round lightly waved blooms. Opens 8-10 well placed and attached blooms on a tall straight plant. Good early cut flower as well as something unusual for the home garden.

L .50, M .35, S .25, B 6/.25.

WAX MODEL 520(Klein)M Peach blushed cream. Beautiful color and form. Opens 8-10 on a 21 bud spike. Strong grower. Most unusual variety with heavy texture and ruffling. Good for breeding.

L .50, M .35, S .25, B 8/.25.

White Wonder

WHITE WONDER 500(Cartmell)LM Here is the show grower's dream—a 500 white that has won oodles of Grand Champs. It can probably beat any 500 white in existence on the show table. It is really a sensation. 12-14 open on a 24-28 bud spike. Price is down to where you can't afford not to grow it. Include it in every order. See cut.

L .50, M .35, S .20, B 10/.50.

Exhibitor's Unit: 4 L, 8 M, 10 S, 25 bts. for \$5.00.

WINNEBAGO CHIEF 548(Himmler)EM About the last word in reds. Deep red with darker marking on the lip. Very strong grower with a tall plant and long flower head. Opens up to 10 with 26 total buds. Has been in tremendous demand ever since first introduced. See the picture showing the huge spikes.

L .50, M .35, S .25, B 8/.25.

YELLOW SPIRE 414(Arenius)LM A yellow sport of Patrol with faint red lines in the throat. Patrol has been one of the best show flowers in its color and **Yellow Spire** is just as good. Has won numerous Grand Champs and can successfully compete in any show. Opens 9-11 well placed blooms. A good commercial also.

L .40, M .30, S .20, B 10/.35.

YELLOW SUPREME 414(Cotter)E Heavily ruffled light yellow. The earliest large flowered variety I have. Heavy substance and will stand the hottest sun. Fine early cut flower.

L. 35, M .25, S 2/.25.

Winnebago Chief

"With my last order you included as an extra, a small size bulb of **Snow Garland**. The spike it produced was one of the outstanding in my garden of 1,000. Also a #3 bulb of **Golden Waves** produced two magnificent spikes. In my opinion no one can match your bulbs as to variety, color and form."
—Robert Bosley, New Jersey

Join a Gladiolus Society

You should by all means join one of the large societies, also your state or local society, if you have one. You will get a lot of pleasure and profit by associating with other glad fans and help to further the cause of glads.

NORTH AMERICAN GLADIOLUS COUNCIL

This I think is the largest international gladiolus society, publishing 4 magazines a year which run around 100 pages per issue. A very fine magazine devoted to all phases of gladiolus growing, showing, etc. **Membership is \$3.00 per year.** Send check or money order to—**A. W. Trippel, 904 E. Seventh St., Auburn, Indiana.**

If you want to join the North American Gladiolus Council thru one of its 72 participating societies, write to J. Elton Carter, 2420 East 25th St., Des Moines, Iowa. He will furnish you with the name of the secretary of your local group.

NEW ENGLAND GLADIOLUS SOCIETY

Regular membership \$4.00. Affiliate membership thru your local Society \$3.50. This entitles you to a yearbook published in January and also its gladiolus magazine which runs 50 pages or more per issue, 4 issues

per year. This contains articles on all phases of gladiolus. Send check or money order to **NEW ENGLAND GLADIOLUS SOCIETY INC., HORTICULTURAL HALL, BOSTON, MASS.**

Standard Low-Priced Gove Gladiolus

ANY ONE VARIETY (not mixed)	{	Large	2 for \$.35	5 for \$.70	10 for \$1.30

		Bulblets Pkg. of 50 or more for \$.25 Order by package.			

10 bulbs for \$1.30 means 10 of one variety and size.

ADORABLE 410(K & M)E Greenish buds which open to a beautiful cream with creamy amber throat. One of the finest cream varieties.

ARES 311(K & M)E One of the *greats* of all time. Ruffled waxy white tinted pink with large scarlet blotches. Clean clear cut colors. Opens 8 or more well placed and attached blooms of heavy texture on a long head. Tall strong grower. Able to win a Grand Champ in any show.

BEAUTY ROSE 554(Puerner)M Medium rose sport of King David with all that variety's good points. *No Large*.

BOW-BELLS 400(Medford)E White sport of Friendship. Same as White Friendship.

CABALLERO 426(Fairchild)M Red-orange with bold scarlet blotch, yellow midribs, strong vivid color, unusual. 7-8 open.

CAMPANILE 460(Fischer)LM Light lavender. The best low priced lavender in existence.

CANDY KID 390(Pierce)E Upper florets scarlet and lower ones rich yellow with green on lip and in throat. Unusual. Opens 5 of 17 total buds.

CHARTREUSE 404(Rohrbach)M Greenish yellow. Large blooms on a tall strong plant. Opens 6-8. Popular.

CORONADO 414(Pruitt)M Golden yellow. Tall straight plants with 9-10 open on long heads. Blooms fine from all sizes. One of best yellows.

DEBBIE 426(Houtby)M Deep orange with yellow throat.

DUSK 483(Fischer)M Striking old rose and salmon with large snowy white blotch. Very popular smoky. Easy grower and propagator.

FIREFLY 415(Fischer)M Medium yellow with small scarlet spots in throat.

FIRE OPAL 426(Fischer)M Dazzling ruffled deep orange with yellow throat. Wonderful color.

FORSYTHIA 516(Harris)M Beautiful chartreuse yellow. Makes a big spike of bloom with heavy texture and ruffling. Different.

FRIVOLITY 443(Fischer)LM Clear pure pink with yellow lip. Very nice.

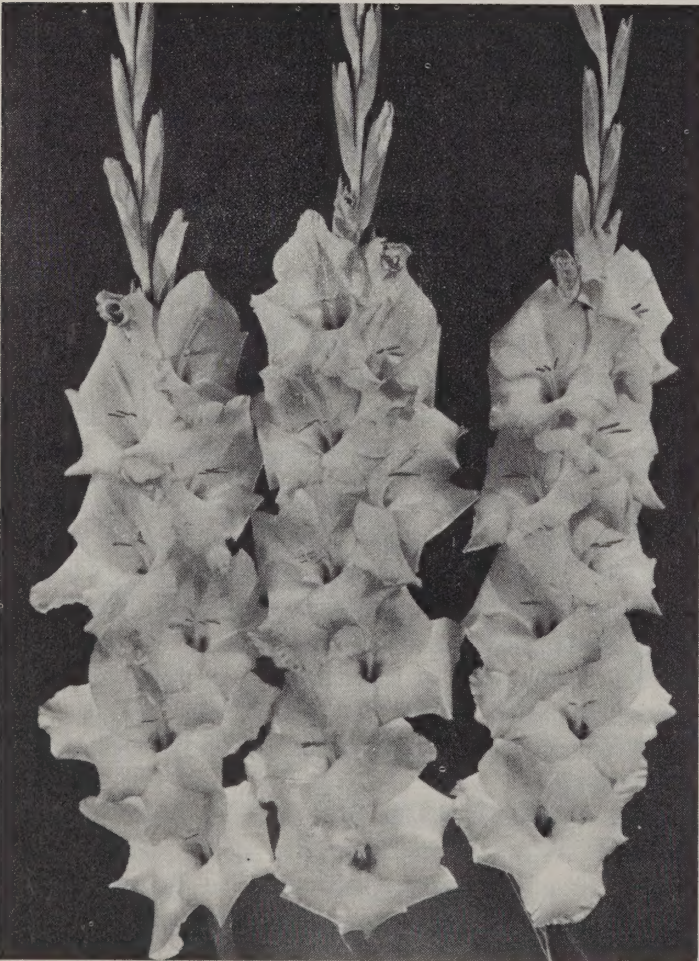

GINGER 426(Fischer)M Deep velvety orange shading to gold in the throat with flame blotch. Heavily ruffled. Fine.

GOLDRUFF 312(Palmer)M Exquisitely beautiful apricot yellow with gloriously ruffled blooms. One of the finest.

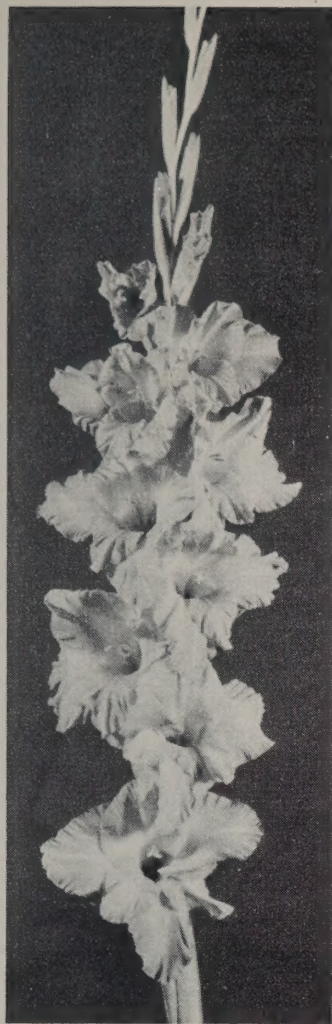

GUNSMOKE 481(Fischer)M Light salmon smoky with cream lip. Very popular.

HARRISBURGER 548(Mikle)L Beautiful shade of deep cherry red. Nothing else like it. Wonderful color and strong healthy grower. A must have for anyone who likes reds. Huge spikes. Fine cut flower.

HILDEGARDE 436(Baker)M Fine ruffled scarlet. One of the best and most reliable reds. Tall straight stem with 7-9 ruffled blooms open

Campanile

Hildegarde

Rocket

on a long head. Strong vigorous plant. Fine cut flower.

INNOCENCE 450(Fischer)E Beautiful light rose or baby pink. Has been about the best in its color for years. Grand commercial. Opens 8-10. Good breeder.

JETFIRE 326(Butt)EM Apricot red with yellow throat on which is a fiery thumb print. Opens 8 somewhat ruffled well placed florets on a 38-40" spike of 15-17 buds. A bright Butterfly type. Received Silver and Gold medals in Canadian Trials.

JUNE MOON 400(Hatch)E Nice early white.

KING DAVID 570(Carlson)M Deep purple with velvety red throat and a light picotee edge around all petals. One of the very finest purples.

LIBERTY 434(Larus)LM Deep orange salmon. Opens up to 10 large florets on a long head. Grows 5 ft. tall. Can win Grand Champs.

MADRIGAL 442(Butt)M Clean azalea pink with darker diffused feather. Opens 8 on tall plant.

MANDALAY 590(Butt)M Big mahogany red smoky.

PINK CHIFFON 440(Fischer)E Very popular shade of orchid pink. Fine early cut flower.

PROSPECTOR 414(Leffingwell)M Light yellow with beautiful amber lip. Distinct and unique color and one of the most beautiful of yellows. Extremely popular. Fine performer. Growers tell me this is their best yellow cut flower. Parent of many fine ones.

PRUNELLA 580(Stringer)L Giant plum red smoky with cream blotch—fine.

RED TAPE 446(Butt)M Rich light red with darker throat. Long heads with 7-8 open. A reliable and uniform grower and all around fine variety.

REGINA 524(Palmer)EM Huge light orange containing some apricot. Has small scarlet blotch. Waved, ruffled, needlepoint and heavy substance. One of the best and most popular oranges grown.

ROCKET 449(Hatch)M Fine light red with small white spot on lip.

SALMAN'S SENSATION 576 (Salman) Very large deep blue. Very popular variety. Tall straight plant. Fine. Stock always scarce.

SNOWCLAD 400(Harris)LM Tall strong grower opening up to 12 with 10 in color. Ruffled and fluted. Grand white.

SNOWDRIFT 400(Fischer)EM Beautiful ruffled early white. Medium height. One of best early cut flower whites.

SPIC AND SPAN 444(Carlson)M Tall ruffled medium deep pink. Very popular commercial and one of the best for any purpose. No small or bts.

SPRITE 324(Palmer)LM Ruffled golden orange with few darker lines in throat. Butterfly type. Fine for arrangements.

STARFIRE 433(Pruitt)M Tall salmon with large cream throat on which is a red blotch. The red color is also on the midribs. Very unusual and striking variety and one of the most popular I have ever grown.

TAJ MAHAL 400(Cave)M Clear oyster white which opens 6-7 on a tall wiry spike of 18-20 buds. Ruffled and very distinctive and beautiful. One of the very best whites. Florists call for this more than for any other white. Distinctive. Stands heat extremely well.

TARGET 441(Larus)M Fabulous blotched pink with large red blotch on a cream throat. Opens 8 nearly 5½ inch blooms. Fine grower.

TRAVELER 450(Flad-Torrie)M Light rose pink with deeper blotch. Very popular cut flower variety.

VIKING 436(Fischer)EM Tall rugged bright scarlet. One of the best early reds.

WILD ROSE 454(Fischer) Beautiful unusual shade of rose with cream throat. Grand cut flower and very desirable all round variety.

WINDERMERE 441(Fischer)E Round ruffled clean pale pink with light violet spot on lip. Nice early cut flower.

WONDERLING 411(Webster)M Corona type. Soft rose on edge shading to creamy white. Clean clear color. Tall grower and good propagator.

Fire! Fire!

Due to Winston Roberts' loss of his bulb house by fire, I cannot furnish the following varieties as I was depending on him for stock:

- Enchantress,
Quaker Lace
Twinkletoes

Mayday
Sunnyside
Vision

Mikado
Jack Horner

VERMONT Maple Syrup

FINE EATING MAKES WONDERFUL PRESENT

We handle only the FANCY grade. This is the best—the light colored grade. Most syrup sold is GRADE A a darker grade. The amount of Fancy is always limited.

Prices are \$7.00 a gallon
\$4.00 per 1/2 gallon
\$2.25 per quart } FOB here.

Maple Butternut Fudge

THE OLD VERMONT KIND

Delicious maple candy made of pure maple syrup and VERMONT butternut meats. Put up in beautiful boxes with New England scenes. 1 lb. boxes \$1.60.

Maple Cream and Sugar

- 1 lb. jar cream \$1.50
- 1 lb. - 2 oz. cakes - of sugar \$1.60
- 1 lb. block of sugar \$1.45.

When ordering be sure to send postage for an extra pound as the weights are net without the package.

What better for a present or for your own enjoyment.

This year I am offering soft sugar in cans. Very useful in cooking and making confections or just to eat.

- 5 lbs. in fancy lithographed can \$6.50.
- 2 1/2 lbs. in plain can \$3.25.

To save COD fees on syrup send money for postage and insurance as follows. Remember for postage on sugar send enuf for an extra pound to allow for packing weight.

Angelus

Icicle

Vermilion Beauty

Golden Waves

Angelus 460 (Baerman-Gove) Mid-season late A beautiful lavender somewhat lighter than in the picture. Makes big heads of lavishly ruffled blooms. Tall straight grower. Have had fine reports on it. A gloriously magnificent flower. Large \$1.00, Medium .60, Small .40, Bts. 10/1.00, 100/8.00.

Icicle 400 (Baerman-Gove) Early mid-season This is a white that is entirely different from any other. With its heavily ruffled white blooms with green in the throat it is in a class by itself. Stems are always straight. Opens 7-9, just enuf informally placed to be attractive. Grand basket flower. One of my favorites. Better than the picture. Good propagator. Large \$.35, Medium .25, Small 2/.25, Bts. 10/.35, 100/2.50.

Vermilion Beauty 446 (Baerman-Gove) Late Rich light salmon red with a brilliant scarlet orange sheen with a snowy white blotch. Unusual and very striking color. Tall strong grower. A must-have for the home gardener. This is one the experts like. Large \$.60, Medium .40, Small .25, Bts. 10/.50, 100/3.50.

Golden Waves 416 (Baerman-Gove) Late mid-season Heavily ruffled medium deep yellow that is a honey. Opens 8-10 or more large well placed strongly attached blooms on a tall straight plant. Huge plant maker with leaves often 50 inches tall. This will stand right up with the best yellows. Good propagator. Large \$.50, Medium .35, Small .25, Bts. 10/.35, 100/2.50.

Golden Treasure

Trade Winds

Pink Organdy

Rapture

Golden Treasure

(416) (Baerman-Gove 1961) (Golden Sunshine x Prospector) Mid-season-late Here is an unusually deep, rich canary or golden yellow of exceptional substance, gorgeous ruffling and strikingly flat-open blooms about 5 inches in diameter. I know of no deep yellow in commerce to equal this one. It is close to 5 ft. tall with nice long heads of 18 to 22 buds with 7 open. **Large \$1.00, Medium .75, Small .50, Bts. 10/1.00, 100/7.50.**

Trade Winds

370 (Baerman-Gove) Mid-season As to color the picture is quite accurate tho perhaps a bit too dark. One of the most popular new varieties I introduced last season. A great novelty—unlike anything else. Very good grower and propagator.

Large \$1.50, Medium 1.00, Small .75, Bts. 10/1.50.

Pink Organdy

440 (Baerman-Gove) Very Early Very beautiful light pink with yellow throat. Intensely ruffled. Opens up to 10. Runaway propagator. Should become a popular commercial. Have had wonderful reports on it.

Large \$.50, Medium .35, Small .25, Bulblets 10/.25, 100/2.00.
10 of a size at 8 times the single price.

Rapture

450 (Chandler) M Unusual shade which my wife says is Flamingo. Tall strong grower that should be fine for both exhibition and for cut flowers. One man who had it last year said he was going to recommend it to show growers.

Large \$.50, Medium .35.

Bleeding Heart

High Fashion

Yellowjacket

Lavender Frills

Bleeding Heart

401 (Baerman-Majeski) (Seedling x Seedling) Early This happily-named white with snappy scarlet blotch surrounded by an eighth-inch band of clear yellow is an excellent novelty which should prove immensely popular. **Bleeding Heart** opens eight or more blooms with formal placement on precisely straight stems. A heavy bloomer from bulblets. Excellent propagator. **Large \$.80, Medium .50, Small .35, Bts. 10/.80.**

High Fashion

(460) (Baerman-Majeski) (Emperor x Maytime) Mid-season-late. Another 66" variety which we had hoped to name "Sky-scraper". Good lavenders are scarce and this clean true lavender self should prove an excellent cutter because of its exemplary habits. Fine propagator.

Large \$.80, Medium .60, Small .40, Bts. 10/.80

Yellowjacket

317 (Baerman-Wagner) (Sparkler x Ares) Mid-season This is one of the sprightliest, most vivid "personality glads" the originator has ever introduced. With up to 12 intensely ruffled 3½-inch florets open at one time and with the brilliant scarlet blotches enhancing the golden yellow color, it is as gaudy as a Roman holiday. Simply superb for arrangements. **Yellowjacket** has 24 buds, is 60 inches tall. Even large bulblets make beautiful spikes; picture shows a spike from a -6 bulb.

Large \$2.00, Medium 1.50, Small 1.00, Bts. 10/2.00.

Lavender Frills

364 (Baerman-Weeks) Early mid-season Beautifully frilled blue lavender blending to lighter throat. Opens 9 waxy entrancing formally arranged blooms. Medium height.

Large \$.35, Medium .25, Small 2/.30, Bts. 10/35.

Blue Lilac

Okay

Early Spring

Picture

Blue Lilac 370 (Baerman-Gove 1961) Innocence x Caribbean Early-mid-season A little deeper color than Blue Mist. The waxy, formally-placed florets, 7-9 in number on 20-bud spikes, are lightly waved and of excellent substance. No flecking. A variety that garden visitors love and a gem for the back-yard gardener. This is better than the picture or name would suggest. Really nice.

Large \$1.00, Medium .75, Small .50, Bts. 10/75, 100/6.00.

Okay 410 (Baerman-Gove) Late mid-season Heavily ruffled deep cream, almost yellow. Heavy substance. A beautiful variety that should make a good commercial. It harmonizes with all other colors. It was really fine here. Tall grower and good propagator.

Large \$.35, Medium .25, Small 2/.25., Bts. 15/.25, 100/1.50, 10 at 8 times the single price.

Early Spring 440 (Baerman-Wagner) Very Early Very valuable new commercial that may displace Friendship—its about as early and a more consistent bloomer—blooms out in a short time. Fine propagator and all round topnotch variety. Far better than the picture. The big growers are stocking this one.

L .35, M .25, S 2/30. Bbts. 10/.35, 10 of a size at 8 times single price.

Picture 440 (Baerman-Gove) Mid-season This is not "just another pink" but is a darned good one. The picture is quite accurate. Reliable, uniform spike maker and a wonderful keeper. Good contender for 2nd day Champ. Tall straight spikes right down the row. Good propagator.

L \$1.00, Medium .60, Small .40, Bts. 8/.50.

Henna

Pink Prospector

Blue Lake

Pink Favorite

Henna 296 (Baerman-Weeks) Early A most unusual miniature. Chocolate-brown with bright henna or Chinese red tips on every petal. Opens up to 11 blooms in a long ribbon on a stretchy spike. Entirely different and deserves a place in every garden.

Large \$.60, Medium .40, Small .30, Bts. 10/.60.

Pink Prospector 440 (Baerman-Weeks-Majeski) Mid-season Flesh pink with a yellow underlay which shines forth especially in the throat. Not quite so pink as in the picture but very beautiful. One of Mr. Baerman's best. Produces tall uniform spikes. Heavy propagator.

Large \$.50, Medium .35, Small 2/.30, Bts. 10/30 10 at 8 times the single rate.

Blue Lake 470 (Baerman-Weeks) Mid-season A cool clean blue-violet with very good color saturation. Red in throat bordered white. A fine cleancut blue of good habits and health.

Large \$.50, Medium .35, Small .25., Bts. 10/.50.

Pink Favorite 444 (Baerman-Majeski-Weeks) Mid-season Deeper color than in picture. Makes tremendous spikes with 10 nearly 500 size blooms open on stretchy 24 inch heads. Bound to be very popular for the home garden as well as for exhibition and for local cut flowers. Heavy propagator. Makes huge spikes of Grand Champ calibre.

Large \$.35, Medium .25, Small 2/.30, Bts. 10/.35.

Rainier

Lavender Spire

Top Brass

Purple Splendor

Rainier 400 (Baerman-Weeks-Majeski) Mid-season Nicely ruffled milk white with a touch of cream in the throat. Opens 8–10 formally arranged blooms on a tall always straight spike of 24 buds. This was enthusiastically received by the show growers last year. Should become a fine commercial too. A superb variety. **Large \$.60, Medium .40, Small .30, Bts. 10/ .60.**

Lavender Spire 460 (Baerman-Majeski) Mid-season late Cool pure light lavender with snowy white throat. Grows up to 5½ feet tall with extremely long heads. Opens 8–9. Strong easy grower and healthy. **Large \$.60, Medium .40, Small .30, Bts. 10/ .60.**

Top Brass 416 (Baerman-Weeks) Late Deep yellow self color. The name does not refer to the color. Very tall strong straight grower even from bulblets. Opens up to 9 on 20 bud spikes. Heavy ruffling and substance. Mr. Baerman has produced many fine yellows and he considers this one of his best. **Large \$.50, Medium .35, Small .25, Bts. 10/ .50, 100/4.00.**

Purple Splendor 406 (Baerman-Weeks) (King David x Royal Stewart) Mid-season-late This unusually stretchy purple self looks like an improvement on King David. It is a little less of a red-purple than the latter and more of a true purple—bluer than picture. Attractive ruffling and velvety texture make this a very luxurious flower. Good purples are scarce and we think you will like this one. Thirty-inch heads with 23 buds are typical. A fine variety. **Large \$.50, Medium .35, Small .25, Bts. 10/ .50.**

Blue Pacific

Pink Parasol

Lilac and Chartreuse

Abiqua

Blue Pacific 470 (Baerman-Majeski) Mid-season Clean clear fresh and beautiful blue violet. No flecking. Small diamond red spot in throat tipped white. One of the very finest blues. A prize for any garden. Very popular. Large \$1.00, Medium .75, Small .50, Bts. 10/1.00.

Pink Parasol 440 (Baerman-Majeski) Mid-season The picture is accurate. It is about as beautiful a pink as you can imagine. Waxy warm light pink blending to a cream throat. Fine propagator. Large \$.35, Medium .25, Small 2/.30. Bts. 10/.35.

Lilac and Chartreuse 361 (Baerman-Majeski) Early mid-season Here is something new and entirely different from anything else—half blue-lilac and half chartreuse. The chartreuse green is splashed on upper petals and nearly covers the lower ones. Tall strong grower. This is destined for immense popularity. Large \$1.50, Medium 1.00, Small .60, Bts. 10/1.50.

Abiqua 480 (Baerman-Majeski) Mid-season Delicate silvery smoky-rose pink overlaid with a silvery sheen which intensifies toward the edges. An exquisitely beautiful variety as the picture shows. Large \$.80, Medium .50, Small .35, Bts. 10/.80.

Repartee

Tri-Tone

Wedding Bouquet

Orchid Charm

Repartee

401 (Baerman-Gove) Early The picture is true to nature. Sister seedling of Bleeding Heart. You decide which is the better. One of the largest and best known growers in the country liked it well enuf to buy a block of the stock to grow for commercial use. Hence stock is limited this year.

L 1.50, M 1.00, S .60.

Tri-Tone

354 (Lamplough) Early mid-season The color of this varies somewhat but it usually deeper and richer than the picture shows. It is tremendously popular with our local people and the florists here use it in quantity. Medium height but makes a nice head of bloom. Easy grower. One you will be delighted with.

Large \$.35, Medium .25, Small 2/.25, Bts. 10/.25, 100/2.00.

10 for price of 8, of a size.

Wedding Bouquet

300 (Baerman-Gove) Early Mid-season Tall ribbony ruffled white that is a florist's dream. Opens up to 11 on a tall slender stem. Ideal for wedding or other floral work. Last season during a bad rainy spell this was the best white in the field.

L .35, M .25, S 2/.25, Bts. 10/.25, 100/2.00.

10 of a size for 8 times the single price.

Orchid Charm

465 (Baerman-Gove) Mid-season Tall straight spikes holding 9-10 well placed blooms open right down the row. All bulbs of a size bloom about the same time. Very impressive. Picture is very accurate. Fine grower and propagator.

L .60, M .40, S .25, Bts. 8/.25, 100/2.50.

Fragrant Gladiolus

Some people get the fragrance and others do not. So if *you* are so constituted that *you* can't smell them don't complain to me. The fragrance is there.

CLIFFIE 235(Buell)(Summer Fragrance x New Era) x Acacia Here is the first fragrant miniature. A deep tho bright coral salmon with a cream throat and red blotch. It opens 7-9 3½ inch blooms of its 17 buds on a 21 inch head. Grows 50" tall.

Cliffie received an Award of Commendation at the Rochester, Pa. State Show (score 84½) and the same at the Castle, Pa. show (score 84).
L 1.50, M 1.00, S .75.

ACACIA 441(Buell)VE Light pink with small darker throat blotch. Opens 6 5" florets of good substance on a head of 15 buds. 50" tall. A variety that is pretty as well as fragrant. The fragrance is about the strongest I have detected in any glad as sometimes I can smell it when just standing beside the plant. Has won many times in shows for the most fragrant. It transmits its fragrance also and so should be valuable in breeding. Healthy and a good grower.

L .25, M .20, S 2/.25.

ACIDANTHERA MURIELAE L Wild Sweet Scented Specie. Strong growing healthy gladiolus like plant that produces 2-2½" blooms that are a beautiful white with a star shaped purple blotch. Grows 3 feet tall. The blooms are different from a gladiolus but are very attractive and dainty. Beautiful clean contrasty coloring. Foliage is bright green. A terrific novelty that should be in every garden irrespective of its strong but pleasing fragrance. 12 in a group will make a very sweet and pleasing spot in your garden and a good conversation piece. Everyone should have at least a dozen. Does not make large bulbs like Glads.

2/.25 or 12/1.00, 7.50 per 100.

PINK PERFUME 444(Meine)LM Mr. Meine says that when this bloomed the first time he didn't know there were fragrant Glads. He went to the garden one morning and smelled a sweet fragrance but didn't know where it came from. He finally located it about 50 feet from where he first smelled it.

It opens 8 ruffled deep pink blooms of good substance and nice form in a double row. Most of the 18 or so buds show color. This is really a nice Glad aside from its fragrance.

L .75, M .50, S .35.

SWEET DEBBIE 245(Buell)(Acacia x (Summer Fragrance X New Era) Fragrant ruffled salmon with white throat. Fragrance is mild but definite and lasting. Colors are clean and bright. 3¼-3½ inch florets. 7-8 open with 12-14 buds on 17-20 inch head. 42-48 inches tall. Fine for arrangements.

L .50, M .35, S .25.

Exotic Hybrids

By **DOERR**

ORCHID DRIFTWOOD 360 Lovely orchid lavender shading to cream throat. Very unusual being characterized by many xtra petals—sometimes 12 or more. Petals are long and narrow, ruffled and many somewhat like Bird of Paradise and Fantasy. Heads are shorter than the regular type. A very odd yet beautiful variety and good propagator.

L .35, M .25, S 2/.25.

I have discontinued **Koerner's Memory** as it has reverted to the single unruffled type.

Paradise Hybrids

BIRD OF PARADISE (see page 11) is different from anything else and very popular.

THE HYBRIDS BELOW are seedlings of B of P and similar to it except in color and sometimes size. They will be just as popular as B of P as soon as stock is available in quantity.

MAUNA LOA 586(Lins)M
Unusual smoky lavender.
L 1.00, M .75.

RARE CHINA 414(Lins)M
Chartreuse yellow blending to white with yellow lip petal.
M 1.00, S .50.

SCORPION 446(Lins)M
Heavily textured brilliant red with bent stamens like its parent. Good propagator.
L .50, M .35.

TONAWANDA 554(Lins) **New last year.**
Medium rosy pink. **L 1.50, M 1.00.**

WHITE BIRD OF PARADISE 400(Lins)
Pure white with pink ring center. Does not make very large bulbs but a lot of bulblets that germinate while still on the parent bulb. These usually bloom the next year.
M .50, S .35.

"Two years ago I bought some seed and a few bloomed last year and were fabulous!"
—Mrs. H. Baker, Michigan

Miniatures

These small flowered varieties are fast becoming extremely popular. They are much more suitable for home decoration in the small modern homes than the large ones. And for arrangements which so many are interested in nowadays they are indispensable. They are just the thing for hospital vases but not enuf florists are using them yet. But the opportunities are great.

Many of the miniatures are most striking in form and color and the breeders are working for and securing more open blooms than were available a few years ago and better colors.

And you can win prizes at the shows as well with these as with the large ones and perhaps more easily. And I have a larger list this year to select from.

By all means try a few if you haven't already and I am sure you will love them.

New 1962 Miniatures

From RALPH BAERMAN

Blue Midget 271 (Seedling x Seedling)
Late. Mr. Baerman says

he believes this is the only miniature light violet on the market. It is so small it is almost a 100 size. Beautiful clean light blue with darker spot in center. It opens up to 10 sometimes in single file. With its long slender ribbon of bloom it is extra fine for arrangements. We have needed a miniature of this color and now we have it. It is very unusual and a good propagator. See back cover.

L 1.00, M .75, S .50

UNIT: 2 L, 2 M, 5 S and 25 bts. for \$6.75

From CHAMPLAIN VIEW GARDENS

Chickadee 205 (Li'l Abner x Dresden)
M. This is a very cute and

intriguing little glad that has always appealed to me from the time it first bloomed. The buds are green. When fully open the outside petals are light chartreuse yellow while 2 and usually the 3 inside petals are chartreuse green. It's nicely frilled. It opens 6-7 on a 16-17 bud spike. The stock is not large but as long as they last I will give you a bargain for a new introduction.

Any size 50 cents each, 3/1.25, 10 assorted sizes for \$3.00

From MARION RICH

Sunny Day 236 (Leah Gorham x Ace of Spades) x Leah Gorham

VE. This small brite scarlet is brilliant even on a cloudy day and makes a sunny day any time.

It is litely ruffled, very early to bloom, has excellent habits and makes very uniform spikes. About 44" tall with 20" flower head, 3½" blooms, 19 buds, 6 to 8 open. An excellent propagator.

50 cents each, any size or 3 for \$1.25, Bulblets 25/1.00

From ALEX SUMMERVILLE

Paper Doll 210 (Larus) (Statuette x Starlet) Very Early. Here

is one of the prettiest arrangement miniatures yet. The pale cream florets have a deeper cream throat and are beautifully ruffled at the outside and knuckled toward the center. Plants grow 4' to 4½' tall with wiry flowerheads of 21"-25" and 16 to 20 buds. The 5 open florets are of medium heavy substance and rather informally placed. Its potential as a decorative is indicated by its 2 Miniature Basket Champs in 1961, New Jersey, and the Eastern International at Baltimore, where it was also Grand Champ Basket. The florists like this one.

Any size 1.00 (your choice of size), Bts. 10/\$1.50.

Time Tried Miniatures

The following varieties are all good and have stood the test of time—not necessarily old varieties as miniatures are usually good propagators and prove themselves and increase to the stage where they can be sold at a low price in a very few years. The following priced as follows:

L 2/.25, 10/1.00, M 3/.25, 10/.70, S 5/.25, 10/.40, Bts. Pkg. .25.

Those starred can be had at 10 assorted sizes of a variety for .75 cents.

They should all bloom.

***AMBROSIA** 242(Butt)E Very beautiful fresh rose pink with apricot shading and a creamy throat. Heavily ruffled and of great substance. A sparkling and beautiful variety. Opens 6-7 nicely arranged blooms out of 18 buds. 45" tall.

ATOM 236(Hedgecock)E Distinctive scarlet with gold line around all petals. For years has been one of the most popular miniatures. Everyone likes it. We use it in our flower shop for all kinds of floral work.

***CALYPSO** 215(Butt)E Beautiful ruffled yellow with few slight feathers in throat. 7-8 open on long heads. Can win on the show table.

***CORVETTE** 236(Butt)E Medium scarlet with darker throat. A beautiful variety that opens 10-12 well placed and attached blooms on a long head. Slightly ruffled and well placed. The finest miniature scarlet and one of the best miniatures, period. Try this and you will become a miniature addict.

***CRADLE SONG** 234(Butt)E Heavily ruffled salmon pink with yellow dusted throat. Opens 7 of its 18-20 buds. Fine variety in every way. Pretty nearly perfect.

***DAINTINESS** 200(Butt)E Very beautiful ruffled creamy white with cream throat. An extremely lovely flower. Grand for floral work. Opens 7 with 16 total buds. The finest in its color and a heavy propagator.

***EMILY'S BIRTHDAY** 224(Butt)VE Apricot shading to yellow throat which is dusted with scarlet. Butterfly type. Opens 7-8 on a medium height plant. Very early and so valuable as a florist flower. Free and easy grower.

***FROLIC** 217(Bork)EM This is one of the most spectacular miniatures I have ever seen. Deep yellow with intense brilliant scarlet orange blotch and a somewhat lighter color on the upper petals, like a reflection of the main blotch. Opens 5-6 with 16-18 total. Ruffled and extremely showy and one of the best miniatures in existence.

***GOBLIN** 242(Butt)E A beautiful little glad that belies its name. Heavily ruffled clear pink with yellow throat. Medium height spike with 7 open on 16-17 bud head. Exquisite refined miniature that blooms from all sizes.

***GOLDEN ROSEBUD** 216(Butt)E Extremely beautiful very deep yellow with a hint of chartreuse. Must be seen to appreciate its beauty. Opens 8 perfectly placed florets out of 20-22 buds on a 40" plant. Great for exhibition and a must-have for the lover of the miniatures. Fine cut flower. We use many in our flower shop.

***GOLDETTE** 214(Butt)EM Exquisitely beautiful clear deep golden yellow. Opens 9-10 with 20 total buds on a plant 38-40" tall. Like a smaller edition of the most beautiful ruffled yellow you ever saw. Nothing finer in a clear yellow miniature. Fine cut flower.

***GREEN THUMB** 214(Butt)E Ruffled yellow miniature with green buds and the green persists somewhat in the open blooms, deeper in throat. Buds are like rose buds. Fine for arrangements. Good breeder. We use it in our flower shop.

L'L ABNER 117(George)E An unusual and distinctive flower that stands out in any company. Deep yellow with red on edge of petals and with a large red blotch. Its 12-15 buds are always perfectly placed. The slender stems are straight as ram rods. Opens 8 or more well attached blooms. Fine for breeding.

***MARILYN'S MINIATURE** 216(Butt)E Green gold buds which open up flat with lightly frilled and pointed petals. 6-7 open of 18 buds. Grand for arrangements and fine for floral work.

***MEDLEY** 246(Butt)EM Light salmon red. Opens 7-8 wide open blooms on a good spike. Should be a fine show variety. Nice color too.

***OCEAN SPRAY** 311(Baerman)E White shading to amber blotch. An old-timer but still one of the best and most useful. Fine florist flower. We use it in our flower shop to very good advantage. Opens 5-6 on a tall spike with airy placement.

ORANGE MIDGET 124(Baerman)VE Glowing yellow with wide band of orange around all petals. Very neat and trim and all spikes alike. A bunch of them is really nice.

***PUCK** 241(Cormack)VE Delightful little pink with dark blotch. Very conspicuous and attractive. Opens 5-6 on an always straight stem. We use it in our flower shop as it is so early.

***QUEST** 242(Butt)EM Outstanding medium pink with yellow throat. Opens 7-8 of beautiful form and color with good texture and plant habits.

***STARLET** 200(Baerman)EM Beautifully ruffled waxy white. An old-timer but still fine for floral work. Never have enuf of it but do have a larger stock this year.

STATUETTE 217(Butt)E Ruffled medium yellow with dark reddish blotch. Opens 8 on an always straight spike. Valuable cut flower and has been used extensively as a breeder and is always fine for shows.

"My corms arrived today in good condition. Thank you very much for the extras. I can truthfully say they are the best looking corms I have ever received from any cataloger in the eastern half of the country."

—W. Heath Morgan, Utah

"Found your **collections** all you say and more. Some superb spikes from these collections."

—Lawrence Elson, New Jersey

"Received your beautiful **peony roots**. They are the most beautiful roots I have seen in a long time."

—Katherine Leonard, Penna.

General List of Miniatures

10 for the price of 8 where stock is available

BAMBINO 246(Lins) Flashy bright red with prominent yellow throat. 8 perfectly placed 3" bloom on 40 inch plants. Should give a good account of itself as an exhibition and arrangement glad.

L .50, M .35, Bts. 3/.25.

BECCA 296(Timberland Gardens)E Ruffled velvety cocoa brown. Opens 5 with 4 in color. Fine for arrangements in a copper container. Unusual color. A good show winner also. Very popular.

L .40, M .30, S .20.

BINGO 246(Summerville)M Medium rose red with a light hairline edge around all petals. Beautiful and great show winner. Opens 8 nicely ruffled blooms on an ideal type spike. One of the top rated recent introductions.

L .50, M .40, S .25, B 10/.50.

CAMELOT 240(Larus)E Fine exhibition miniature with up to 11 open. Medium pink blending to yellow throat. Won all kinds of awards, "Best Seedling", miniature champ and others. Very easy grower.

L .40, M .30, S .20, B 10/.40.

CHOCOLATE CHIP 296(Fairchild)M Like a dark brown Atom, even with the silver edge. Opens 6-7 on slender stems with 19" head. A fine smoky that will become very popular. Good propagator.

L and M .40, S .30, B 10/.40.

CLASSY CHASSIS 214(Pierce)E Clean light yellow with deeper throat. Opens 5-6 beautifully ruffled blooms on spikes of 19 buds. Has won many prizes. A beautiful little Glad that is a good propagator and easy to grow.

L 2/.30, M 3/.30, S 5/.30.

COPPER ROSE 296(Vawter)M Clear ruffled coppery rose. Opens 5 3¼ inch blooms with 4 in color. 18 total on a 20 inch head. Fine show flower and nice in arrangements. Very popular color.

L .40, M .30, S .20.

DARK VICTORY 258(Summerville)M Deep rose red with darker throat and a nice sheen. 3 inch somewhat ruffled blooms. Opens up to 10 with 21-23 total. Very formal placement. Vigorous grower and fine propagator. A great show prospect.

L .75, M .60, S .40, B 10/.75.

DECORUM 217(Pierce)M Deep golden yellow

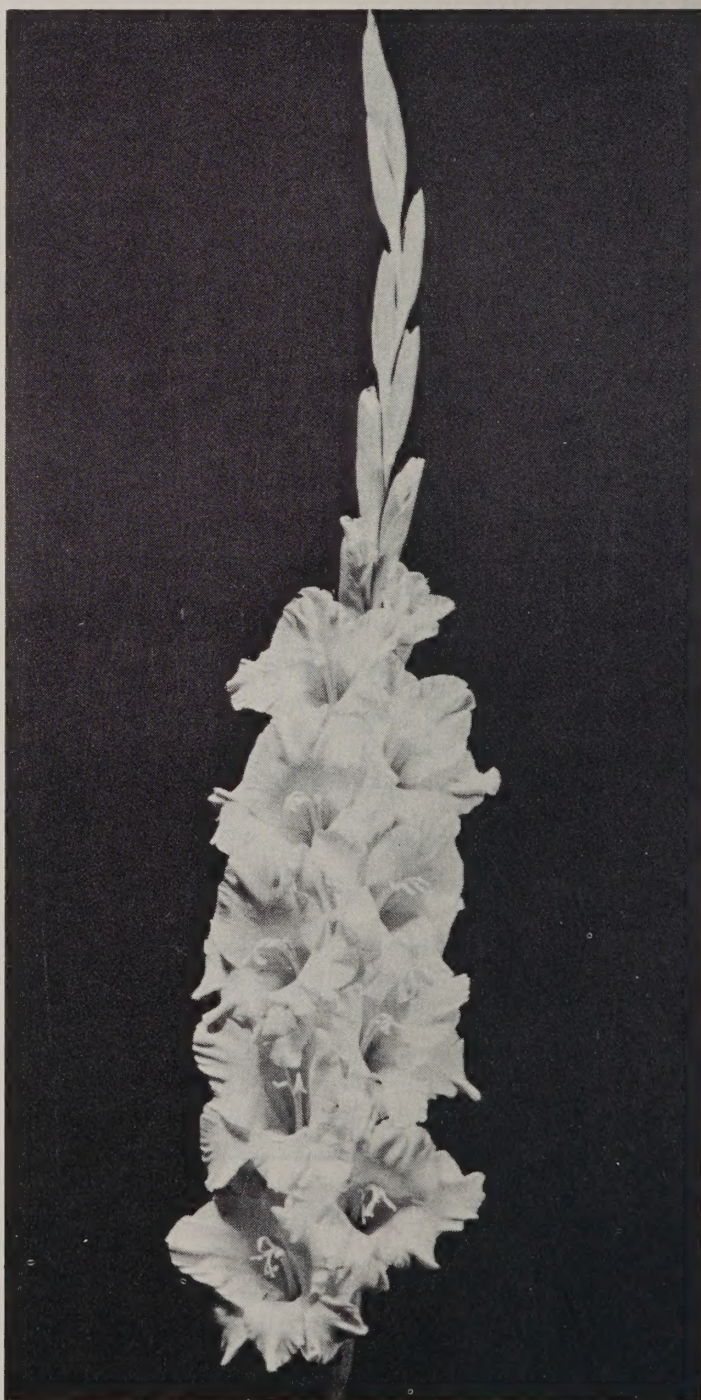

with rose red blotch. Nicely ruffled. Opens 7 with 5 in color on spikes of 20 or more buds.

L .50, M .35, S .25.

DEMI-TASSE 286(Larus)M Ruffled dusty rose brown with cream throat. A nice clean smoky. Opens 5-7 3¼ inch blooms on 16-19 bud spikes. Fine decorative type yet can win at the shows.

L .25, M 2/.30, S 3/.25, B Pkg. .25.

DIDO 211(Baerman)E Creamy white with throat that is sometimes cream and sometimes green. A beautiful nicely ruffled variety that will make a good commercial or excellent show flower. At the Maine show in 1959 it was Grand Champ with 12 open blooms with perfect placement and

Dido

attachment. These small whites are much used by florists for wedding work. Fine propagator.

L .25, M 2/.30, S 3/.25, B 20/.25.

DOMINO 211(Larus)E The 6th biggest miniature winner at the shows and it has just got started. In 1960 was Miniature Champ at least 6 times. Cream white with small lavender blotch on a cream throat. Opens 7-9 of 19-23 buds of round ruffled wide open florets.

L .40, M .30, S .30, B 10/.40.

DUSKY LAD 291(Roberts)E Most unusual mahogany and yellow. Opens 6-7 heavily ruffled and winged florets on tall slender stems. Graceful and exotic. One of the oddest varieties.

L .30, M .20, S 2/.30.

ELITE 201(Tyndall)E Very beautiful ruffled white with purple blotch. Opens 10 on a 20 bud spike. One of the very best miniatures.

L .40, M .30, S .20, B 12/.25.

FOLLIES 235(Lins)VE Beautiful blend of orange apricot and salmon with a fiery orange scarlet blotch bordered yellow. Opens 6-8 heavily ruffled blooms. Extra nice.

L .25, M 2/.30.

FRILLS 214(Larus)VE Heavily ruffled clean light yellow shading deeper in throat. Beautiful form. Opens 5-7. One of the best and a good show winner.

L .40, M .30, S .20, B 10/.40.

GREEN LACE 204(Pickell)M An outstanding light chartreuse green with faint brown peppering in the throat. Heavy texture, good attachment and altogether a lovely little glad. Very healthy and vigorous.

L and M .75.

GREEN SHEEN 294(Pierce)M Self colored pure chartreuse with faint rose stippling deep in the throat. Opens 6 with 6-7 in color on straight 19 bud spikes. Fine propagator.

L and M 1.00, S .50.

GREG VAWTER 276(Vawter)E Clear deep violet in a class by itself. Has a thin white line on edge of petals. I think this is the only 200 deep violet on the market. Opens up to 9 with good placement and attachment. Big show winner.

L 1.25, M .75, S .60.

GYPSY FIRE 290(Chandler) EM A most unusual and delightful variety. Reddish brown with deep mahogany on lower petals. Yellow deep in throat and around edge of petals. Grand for arrangements. Produces nice seedlings.

L .25, M 2/.25, S 3/.25.

HARUM SCARUM 297(Pierce)M Rich chocolate brown with gold splashes on the lip. Opens up to 8 on 19 bud spikes. The best in the brown

class and can beat any brown miniature on the show table.

L .75, M .50, S .35.

IVORY FRILLS 210(Laurie)VE Ruffled ivory with large yellow throat—a beautiful combination of color. Opens 6-7 heavy textured florets on long heads of 18 buds. Fine in all respects. Won Silver Medal scoring 88 in Canadian Trials. Has won many top prizes.

L .75, M .60, S .50, B 4/.25.

JACK HORNER 281(Roberts)E Smooth smoky pink or rose with clean yellow center. Opens 7-8 heavily ruffled blooms on medium height spike. A beauty.

L 1.50, M 1.00, S .75.

LEILANI 242(Kroon)E Rose and white an unusual color in miniatures. Very pretty. Free bloomer and grower. See picture. A most delightful flower.

L .25, M 2/.25, S 3/.25, B 20/.25.

LITTLE WONDER 200(Tyndall)E A gorgeously beautiful snow white for any use. A dainty flower with lots of beauty, charm and general appeal. Up to 42 inches high with 6-7 frilled and ruffled blooms open on a head of 18-21 buds. Has won many awards and scored 87 in Canada.

M 1.50, S 1.00, B 5/1.00.

Leilani

NYMPH 220(Butt)E Buff pink blending to clear greenish yellow. One you have to see to appreciate. Very nice color. Opens 7 of its 16 buds all well placed and attached. Heavy ruffling and substance.

L .25, M 2/.30, S 2/.25, B 15/.25.

ORBIT 235(Butt)EM Sparkling salmon pink with golden throat. 18–20 buds with 8 open. Deeply ruffled and of heavy substance. Won Silver Medal in Canadian Trials.

L 2.00, M 1.25, S .75.

PARFAIT 231(Larus)M Clean medium salmon at the edge shading to a cream yellow throat on which is a small reddish blotch. Tall vigorous grower with many open blooms. One of the best show miniatures in existence tho not beautiful.

L .25, M 2/.35, S 2/.25, B 10/.25.

PRUDENCE 205(Armstrong)E Green on edge shading to greenish cream and a brown blotch on the lip. Most unusual and charming. Wide spreading flower like the Butterfly type.

L .50, m .35, S .25.

QUO VADIS 201(Summerville)M Has been called a miniature Ares. Creamy white with distinctive round rose red blotch. Lightly ruffled. Opens 7–9 of its 24 buds. Wide open well placed blooms. Nice. Rated one of the best of last year's introductions.

L .75, M .60, S .40, B 10/.75.

RED RIBBON 246(Tyndall)M Glowing rosy red with silver edge on all petals. Reliable producer of long heads with up to 10 wide open blooms on a 22 bud spike.

L .75, M .50, S .25, B 5/.25.

RENAE 240(Lins)EM Very unusual in form and color. The 3 inside petals are pink and light yellow while the 3 outer petals are much larger and pale pink. Stamens are pink. An exquisitely colored flower.

L .50, M .30.

SAMBA 255(Larus)M One of the flashiest miniatures of all. Medium rose but the large irregular white throat gives it the appearance of a peppermint stick. Opens 7 of 21 or more buds on a good exhibition type spike.

Any size \$1.00, B 10/1.00.

SPRING MAID 214(Summerville)VE The earliest blooming miniature in commerce, often blooming in 58 days. Clean unmarked light yellow opening 9 ruffled blooms of good texture. Plenty of grace and beauty. The first blooms are awaited with eagerness and this one will not disappoint you.

L .75, M .60, S .40, B 10/.75.

STARFLOWER 114(Butt)E Ruffled clear yellow with new style ruffling. Semi-face up. Opens 6–7 of the 18–19 buds.

L .50.

SUSIE 261(Klein)VE Orchid lavender with large bright golden throat. Very beautiful, unusual and outstanding. Nothing like it. Opens 7 heavily ruffled blooms with 7 in color on a 19–21 bud spike. Its health and growing habits and propagation are all good. This will be around for a long time.

L 1.00, M .75, S .50, B 10/1.00.

Special Unit: 3 L, 2 M, 2 S and 20 B for 5.00.

SUZETTE 243(Larus)M Medium pink. Light red blotch on a cream throat. Lightly ruffled triangular blooms. Opens 6–9 of its 17–19 buds on a five foot plant. Has won many prizes.

L 1.00, M .75, S .50.

TINSEL 237(Butt)E Blazing scarlet with intense yellow throat. Heavily ruffled. 7–8 open.

L .60, M .40, S .25.

TONY BOY 255(Kunderd)M Most unusual miniature. Upper petals are medium deep rich rose while the lower petals are creamy white with a wide rose border. Lacinated and recurved. Opens 4–5 3" well placed blooms on a tall slender willowy stem. Often has several side spikes that open about the same time as the main spike making a big florescence.

L .25, M .20.

TOWHEAD 214(Larus-Summerville)M Creamy yellow self. Makes exhibition spikes of 3½ inch blooms on a long head. Color not too hot but is fine as a show flower.

L .75, M .50, S .25, B 10/.75.

TWINKLETOES 225(Roberts)EM Beautifully ruffled yellow and orange combination, yellow center with salmon-orange on the edges. Opens 7–8. A good one.

L 1.50, M .75, S .50.

UNIQUE 226(Butt)E Very striking ruffled variety. Dark orangy salmon red with deeper throat around which is a band of bright yellow. 14–15 buds with 7–8 open. I liked this one very much. Won Silver Medal in Canadian Trials.

L 2.00, M 1.25, S .75.

UPPER CRUST 256(Pierce)M Clean deep rich rose. An unusually fine variety. Open 6–7 on long heads. Placement and attachment good. Won many prizes as a seedling.

L only .40.

WIDGET 205(Larus-Summerville)E Pale char- treuse with a pink border around each petal and a small light red blotch in the throat. An unusual

coloring. Opens 6-7 on a long head. A fine decorative but has done especially well at the shows also, including an A-rating and the New Jersey Seedling award.
L .50, M .40, S .30, B 10/.50.

WING DING 248(Summerville)M Medium red edged black red. Long heads with 23 buds and 9 open. Fine show flower and in demand by florists. Will be very popular.
L .25, M .20, S 2/.25, B 25/.50.

Miniature Collections

MINIATURE and SMALL FLOWERED UN-LABELED COLLECTION No. 11—This will contain some medium size bulbs as these smaller varieties bloom fine from any size. It will also contain some high priced ones.
If you haven't grown the miniatures, here's your chance to get a good start and see what a lovely charm they have. This collection gets better every year.
100 for 6.00, 50 for 3.00, 20 for 2.00. Small bulb size collection No. 11A 100 for 2.50, 500 for 10.00, 1000 for 18.00.

SMALL and MINIATURE LABELED COLLECTION No. 12—Assorted sizes, 3 each of 12 varieties of my selection, all labeled, 36 bulbs for \$4.00. This will contain some real top notchers. This collection may vary during the season but will always be very big value.
36 bulbs for \$4.00.
Both the above collections are especially fine this year.

"I haven't seen any in our own nursery here as beautiful as those I have raised from your bulbs. They just don't compare for beauty and variety."
—Mrs. William Lintner, Nebraska
"I have gardened for over sixty years and I have never had glads equal to yours."
—Frank D. Moore, Iowa
"I am satisfied beyond words with your service. Your bulbs are wonderful and extras super."
—Duane Schueler, Nebraska
"The glad bulbs I received this year are just wonderful, and as good as last years. We have glad farms here but they cannot put them out like yours and Mr. Hambleton gives wonderful service."
—Ted Jarman, Ont., Canada
"Gay Blade produced two gorgeous spikes."
—Mrs. M. P. Bennett, N. H.

Gladiolus Seed

One of the greatest joys in growing glads is in raising seedlings. Every bulb from seed will be different. It is very intriguing seeing the new ones open up.
This year I have only a few crosses by name. Other lost were so small I have put them together as mixtures.

- Better try some. **50 cents per pkt. of 25 seed**
- 161 Green Ice x Green Woodpecker
 - 162 " " x Erin
 - 163 " " x Goldruff
 - 164 " " x Dido
 - 165 " " x Green Waters
 - 166 " " x Skalawag
 - 167 " " x Blue Smoke

- The following mixtures at **35 cents per pkt. of 25.**
- 168 Large varieties
 - 169 Miniature varieties
 - 171 Green mixture.

FOR THE CONVENIENCE OF CANADIAN CUSTOMERS

We have arranged with MELVIN W. HAMBLETON, 3520 CONNAUGHT AVE., MONTREAL to handle retail and small quantity orders for me. So if you will send such orders to Mr. Hambleton you will not have to obtain a permit and will have no duty to pay. This will make it much easier for you and make the bulbs cheaper too as the duty will not be added to cost of bulbs. However, you are to pay the postage from Montreal.

ADDRESS YOUR ORDERS TO:
**MELVIN W. HAMBLETON
3520 CONNAUGHT AVE.,
MONTREAL, P.Q.**

Special Collections and Sets

UNLABELED COLLECTIONS

The following collections are just the thing for those who don't care to keep the names of the varieties separate, but do want a nice garden of glads. I sell thousands of these collections every year and have a great many fine reports on them. If these bulbs were sold separately under name they would cost several times the price asked as collections. **No extras on collections except as noted.** They are very big value as is. Shipped prepaid.

STAR COLLECTION No. 1.

100 assorted large bulbs (1 $\frac{1}{4}$ inch up) in about 40 varieties in many different colors and forms—no miniatures. I have sold this collection for years and have thousands of very well pleased customers. I **POSITIVELY GUARANTEE THAT THERE IS NOT A BETTER COLLECTION SOLD BY ANY GROWER IN THE COUNTRY FOR ANYWHERE NEAR THE PRICE:** The collection varies from year to year but always contains a great variety of colors and many fine varieties. I get many repeat orders every year from well pleased customers. **100 for \$6.50, with 50 at the same rate, 30 for \$2.20.** With each 100 bulbs of this collection I will put in **FREE** 1 bulb of some other fine variety of my selection, labeled worth at least \$1.00.

STAR COLLECTION NO. 1A.

SAME COLLECTION IN MEDIUM SIZE BULBS. 100 bulbs for \$4.50, 50 for \$2.25. With 100 bulbs will give a free bulb as in Star Collection N. 1

STAR COLLECTION No. 1B.

Small bulbs. This year I have a swell lot of small bulbs in a great variety of color and form. We do not guarantee every one of these bulbs to bloom this coming year but most of them should and they will make fine large bulbs for next season. **This** is the size that we growers plant and our fields are a mass of bloom. These little bulbs will greatly surprise you with their beautiful bloom. **100 for \$2.75—no split collection orders. 100 or multiples of 100. 200 for \$5.00. 1000 for \$20.**

Do not confuse the above collections with the ordinary unlabelled collections sold by seed houses or Garden Centers or chain stores. Each of the above collections contains at least 40 fine varieties in the lots of 50 or 100. The 30 #1 Collection contains 30 varieties.

DE LUXE COLLECTION No. 3.

40 or more varieties, many of them being exhibition sorts and worth several times the price asked. Real aristocrats in gladiolus. **100 for \$12.00, 50 for \$6.00, 25 for \$3.00.**

SUPER-DUPER COLLECTION No. 7

This is the last word in an unlabeled collection. It contains bulbs worth as much as \$1.00–\$2.00 each. Some of the very newest and a well rounded assortment as to color and form. **100 for \$25.00, 50 for \$12.50, 25 for \$7.50.**

DARK-COLORED COLLECTION No. 5.

Here is a new unlabeled collection that will appeal to many people. It contains no white or light colors. Most people have too many light ones in proportion to dark colors. Hence this offering. It contains some high priced varieties worth several times the cost of them here. **100 for \$10.00, 50 for \$5.00, 25 for \$3.00.**

DARK-COLORED COLLECTION No. 5A.

Medium size. The same as No. 5 collection but many contain even more varieties than the No. 5. **100 for \$6.00, 50 for \$3.00, 25 for \$1.75.**

NO MINIATURES IN THE ABOVE COLLECTIONS: MINIATURES ARE ON PAGE 31

75-cent Long Season Specials

To have blooms of a certain variety over a long period I want to especially recommend the following collections. These consist of various sizes of bulbs of each variety. There are usually one or more large bulbs, some medium and some small. If you are not in the habit of buying medium or small bulbs you will be amazed at the fine blooms you will get from these. And if there is a particular variety that you especially like you can have blooms of this variety over a much longer period than you could if you planted all one size. I can't give you the exact number of bulbs that you will receive in each lot because the varieties vary somewhat in price but you may be assured that you will get big value. LEAVE IT TO ME. We put in more medium and small than large bulbs. DON'T ASK ME HOW MANY BULBS THERE ARE IN EACH SET. THEY VARY ACCORDING TO THE PRICE OF THE VARIETY. WE GIVE VERY GOOD VALUE:

REMEMBER EACH 75-CENT SPECIAL IS ONLY ONE VARIETY AND NOT AN ASSORTMENT OF SEVERAL VARIETIES OR OF ALL OF THEM. Each special consists of various sizes of just ONE VARIETY. Select as many as you wish. But remember they are 75 cents for each one. Any FIVE lots for \$3.50. Any TEN lots for \$6.50 or any FIFTEEN for \$9.00. If you buy several lots I will put in something good for you to try out.

Adorable	Emily's Birthday	Jetfire	Redcoat
Alouette	Erin	June Moon	Red Tape
Ares	Fall Days	Leilani	Regina Coeli

Quantity Prices - Miniatures - Not Prepaid

Prices per 100. 1000 rate same as in large flowered ones.

Not less than 25 of a size and variety at the 100 rate nor less than 250 at the 1000 rate

As miniatures do not usually make as large bulbs as the larger kinds and bloom from any size I am calling **large** anything 1 inch or larger in diameter.

We Pay Postage

On all bulbs **except** those in the **Quantity list** and also on some supplies as mentioned in the listing. However, if you wish to pay the postage we will give you bulbs of new or recent introductions worth far more than the postage. We have fine varieties worth from \$1.00 to \$2.00 that we will use for this purpose. If you wish to do this check the square on the order blank. You just agree to send whatever postage is on the package when you receive it. **But** there is a minimum of 35¢. You must send us 35¢ even if the postage is only a few cents. It would seem good business to spend 35¢ for a bulb worth at least a dollar. Then you send whatever is on the package if it is more than 35¢.

THE BULBS WE SEND FOR POSTAGE ARE OUR SELECTION.

Peonies

This picture shows the type of growth of the Lin's Peonies

If you do not grow peonies you should. They are about fool proof, need little care and will bloom for many years without replanting.

These I am offering are not the cheap run of the mill kinds but just the best to be had from Mr. Lins, one of the leading breeders. At the Minneapolis Show in 1958 the Grand Champ was **Gardenia** and several of the color champs were from Mr. Lins' garden.

Mr. Lins' peonies are noted for their strong stems that hold the blooms erect.

Peonies are not suitable for the far South as they have to freeze in the winter.

BLUE ROSE A large full double, deep rose, which carries more blue than any other peony we know of. Is sweetly rose fragrant. Stems are willowy, not as stiff as some other Lins varieties, but about like stems of Old Lace. Color, size and fragrance impels those who see it, to want it. **\$8.00 each.**

BURMA Large brilliant deep double red. Mid-season. Has good form, heavy substance and strong stems. Has won many blue ribbons and show championships during the past several years. Before being fully established it will produce some blooms not full double. **\$3.95.**

CASABLANCA Giant fully double white with good form, substance and strong stems. An adventure in peony growing. Late mid-season. **\$4.95.**

DOLORADEL Giant well formed fully double rich vivid pink with heavy stems. Foliage way to ground. Late mid-season. Wonderful variety. **\$4.95.**

ENSIGN MORIARTY Giant full double dark pink with heavy stems and fine form. Has been champ dark pink at many shows. Always scarce. **\$4.95.**

FESTIVAL QUEEN Double yellow with white collar and crown. Tall plant, fine low down foliage. Free bloomer. **\$4.95.**

GARDENIA One of the most beautiful peonies. Strong plant foliated way down, loaded with large beautifully formed blooms. Blush opened inside, white opened outdoors. Good every year. Early mid-season. **\$3.95.**

KING MIDAS A perfectly formed fully double medium sized brilliant red edged with gold. A model of perfection. **\$3.95.**

MARY L (Lins) A large high built double white. Some blooms have a touch of red on top petals. Stems are strong. Blooms late mid-season. **AMERICAN HOME ACHIEVEMENT MEDAL WINNER. \$3.95.**

OLD LACE Very large fully double flat bloom. Opens flesh but changes to ivory in the sun. 8 inch blooms on long willowy stems. **\$3.95.**

PAUL BUNYAN (Lins 1957) When we get to Paul Bunyan, we get to the heart of the peony kingdom. A very large full double, well formed, deep flame rose which looks like a giant rose in form and beauty. The outer rows of petals are large. These large petals help hold its good form. Experts proclaim Paul Bunyan one of the best new peonies. Was first shown in 1955 and then was awarded the **AMERICAN HOME ACHIEVEMENT MEDAL**. First stock was released in 1957. A peony, even the most critical will be proud to have in their collection. Stock limited. Paul Bunyan was Champion Dark Pink in 1959. This is a super duper beautiful large peony. **\$15.00.**

RAMONA LINS Exquisite pale blush with Solange undertones. Blooms are held erect by strong stems. Regarded as the perfect peony. An all-time great. Mid-season. Supply limited. **\$4.95.**

SUMMER CHARM (Lins 1961) A new heavy textured full double in creamy light salmon pink, somewhat like the color of the beautiful rose Peace. The plant is good and the stems strong. This blooms late, in fact when our other peonies are bloomed out, Summer Charm is in its prime. Because it blooms so late it is not recommended for the lower southern states. **\$5.00.**

TONDELEYO A deep pink of unusual fire and brilliance. Has color, size, petalage and over all charm. Tall strong stems that hold the wonderful double brilliant blooms erect. **\$3.95.**

TULAGI The perfect lawn or garden peony. The large, tall plant with well foliated, always straight stems, produces a mass of large, brilliant red flowers of the Japanese type. In spite of its size, the bloom is refined and does not feather. **\$3.95 each.**

VALENCIA (Lins) A high built full double bright red on good stems. The plant is medium height. Was awarded the **BRONZE MEDAL** by the peony society. At the Minn. State Show in 1959 Valencia was Champion Red. **\$3.95.**

WAIKIKI (Lins 1959) A sister seedling of Hawaiian Sunset but in a different color. A beautiful new Japanese type in cerise and salmon rose. The stems are strong and the plants are perfect. An unusual color in rich Cerise with a large center of petaloids in rosy salmon. **\$8.00.**

Pansies - Oregon Giants

Why not grow some pansies. They are liked by everyone. They will give more garden pleasure for the money and time invested than most any other flower I can think of. Pansies start blooming in very early spring and continue till really hot weather and with some shade will bloom all summer. The colors of this **ELLIS** strain which I carry are very beautiful and up to 4 inches and over in size.

The **ELLIS** strain is the best I have found and cheaper than some others. Our beds are a mass of bloom every fall till really cold weather sets in. In the north we start them in July and August and in the greenhouse in winter. Farther south you can start them most anytime.

There is good money raising the plants for sale as they sell like hot cakes as soon as they start blooming. We can ship seed immediately at any time. **Pkt. of 500 or more seeds with growing instructions \$1.00 - 1/2 oz. \$6.00 - 1 oz. \$12.00. Supply limited this year so order early.**

This strain of mixed pansies is by far the best I have found. The colors are fine and the size is unbelievable—4–5 inches across according to richness of soil and culture. We have many testimonials from customers who buy every year.

ORDER EARLY—now—as the crop this past year was not so large as usual and the demand is increasing all the time. Don't wait 'till summer when you would have to wait for fresh seed. And fresh seed does not germinate as well as the old seed.

"My pansies from your seed planted last spring are the most beautiful I have ever had.

MRS. WILLIAM J. COE, SR.—Mass.

Books

COMPLETE BOOK OF THE GLADIOLUS

By LEE FAIRCHILD

If you are really interested in growing Glads, you should have a book on the subject and this one is the best and only **modern** and up to date book on the subject. It tells you just about everything you need to know about all phases of growing and handling them the year around. Has tables and pictures that help you get the most out of your bulbs and blooms. If you haven't got the bug yet, this book will make a fan of you.

If the book is not satisfactory, you may return it and **I will refund your money.** Have sold hundreds and haven't had one returned yet.

Send \$4.50 today for this wonderful 254 page **Complete Book of The Gladiolus** and I will send you a copy at once. **Or we give you one with a \$40. order for bulbs if you ask for it and have not already received one.**

BOOK OF ARRANGEMENTS

By CARL STARKER

This is the most helpful book on arranging flowers that I know of. Over 300 pages, 224 pictures of outstanding arrangements with many in color. At one big show I attended a woman copied some of these arrangements as near as she could with the material she had and she cleaned up the show. Carl Starker is a real artist and you can benefit greatly by studying these arrangements and reading Mr. Starker's comments. A grand gift.

Pictures of 224 outstanding arrangements, 200 in black and white, 24 Prize Winners in 4 color plates. Over 300 pages of ideas and beauty. Many good floral artists are using this book to advantage. The finest book of its kind on the market. \$7.50 postpaid.

"PLANT BY THE MOON"

By LLEWELLYN GEORGE

Well-known Author and Lecturer

The Moon Sign Book gives complete instructions in the use of planetary influence on planting and harvesting, also business and personal affairs, etc., the result of more than thirty-five years of research. Why do farmers plant Potatoes in the dark of the moon? When should Corn,

Beans, etc., be planted? Why florists plant seeds in the 2nd quarter and a certain Moon Sign? Why you should plant flowers in Libra on a certain date and Moon's phase? These and many other questions are answered and explained in a simplified yet scientific and practical manner. The Moon Sign Book has been published annually for over 50 years with sales increasing each year. A mine of useful information. This is larger and better this year than before. **Price \$1.50.**

WORLD FORECASTS—TO 2000 A.D.

In this monumental book two of India's most renowned astrologers have forecast the destinies of the world, year by year, over the balance of this Century. Ajanta Jain and Indoomati Pandit gives detailed analysis of the Political, Social and, Economic trends that are likely to prevail in each country—including the possibilities of war, stock market and business conditions, lives of prominent persons, etc.

The Forecasts in this book are *not* ambiguous phrases. Words are not minced, and the authors have a long record of accuracy that has brought them respect and admiration throughout the world. Their writings deserve the attention of people who plan for the future. Over 400 pages, cloth bound, illustrated. **\$5.00.**

COMFREY

Did you ever hear of Comfrey? I never did till last fall. It is an old world remedy for many ills and a general blood purifier. A friend of mine was terribly crippled with arthritis—so bad he didn't care if he lived or died. After taking Comfrey tea for a few months he felt like a new man. He is extremely enthusiastic about the virtues of Comfrey. And since hearing from him I have found others who have been greatly benefited by using Comfrey. I have not used it myself but intend to.

Personally I know nothing about it and make no claims. I am donating this notice simply to help anyone who wishes to investigate the matter further. I recommend that you send 14 cents to Lee Foundation for Nutritional Research, 2023 W. Wisconsin Ave., Milwaukee 1, Wisconsin, for their booklet on Comfrey. I surely hope a lot of people will be benefited.

"We picked over 5000 blooms and sent to the sick."

—Jay M. Insleyn, Maryland

"**Superba** is now in bloom. It is gorgeous! I love it! So **pure** white with lovely purple feather. The texture is so sturdy and it takes our extreme heat so well. Yesterday was 100° in shade, many other glads wilted both in and out doors, but **Superba** is still as nice as ever."

—Esther Vaagen, North Dakota

"**Superba** is out—a beautiful thing. Just a note, not a complaint."

—Edwin R. Lint, Pa.

"We **never** have seen a more beautiful glad anywhere than **Pink Organdy**. Its form, its coloring; it even made 2 spikes with 22 buds on one and 18 on the other."

—Mrs. John Gordon, California

"**Angelus** and **Icicle** were lovely."

—Don Curtis, Maine

Hardy Chrysanthemums

Most so called hardy mums are not really hardy in the most northern regions. Prof. Meader of the University of New Hampshire has been working on hardy ones crossing with Korean varieties trying to produce new varieties that are hardy in their location where they get extreme cold and little snow. Anything that is hardy there will live thru the winter most anywhere. The following varieties are among the very hardiest to be had from any source. **G** is for Granite after the Granite State.

Last winter was exceedingly cold here but these mums came thru fine with no covering at all and bloomed beautifully. I had nice blooms way in to November.

G. GEM (17) 24" in height, 2" yellow floret, pompon type. Symmetrical bush, 3-4' wide.

G. HARVEST (12) 24" in height, 2-2.5" floret, semi-double type. Light orange with yellow centers.

G. BRONZE (39) 24" in height, 2.5" floret, double type. Bronze. Frost resistant. Aged flowers are still attractive.

G. PAGEANT (22) 24" in height, 3" floret. Single type. Rusty red, compact plant, very decorative, floriferous, narrow petals.

G. PROMISE (33) 36" in height, 3" floret. Single type. Mauve to brick red, with several rows of petals.

G. RADIANCE (26) 24" in height, 2-2.5" floret, semi double type. Early. Brick red.

G. RANGER 2½ inch brick red semi-double with long narrow petals. A beauty.
Above varieties 75 cents each.

G. PLEASURE. Another winter hardy selection, from the plant breeders at the University of New Hampshire, having double dark brick red flowers 2¾ inches in diameter borne on plants 2 feet tall has withstood sharp fall frosts of 23 F. when in full bloom without appreciable injury.
\$1.00 each.

G. TRUTH. Early white, blooms in Maine about Aug. 15th. This white selection contributes beauty to the garden a full month or more before any frost damage may occur. The compact rounded plant grows 18 to 24 inches tall.
\$1.00 each.

Set of 1 each of above 9 varieties for \$5.98. All prepaid.

We recommend to our customers **POPULAR GARDENING**, America's gardening magazine filled with how to do it gardening features and pictures.

Monarda (Bee Balm)

GRANITE PINK Bee Balm is an ornamental perennial plant that is just about fool proof. It grows in just about any kind of soil, wet or dry, heavy or light with very little care. Blooms are composite like a double daisy.

This new variety **Granite Pink** is a beautiful shade of bright pink that stands up on straight stems above the 3 foot foliage. The regular Bee Balm is purple. A plant makes a grand display about 3 feet across with 2½ inch blooms all over it and down the sides. They simply cover the plant. Attracts bees and humming birds. It blooms from mid July till September—much longer than most perennials. It is perfectly hardy.

Cuttings do not usually bloom the first year but make clumps that bloom from the second year on and that can be frequently divided.

Root divisions \$1.00 postpaid. 3 for \$2.00.

GRANITE PURPLE This is a new color—a dark purple, cyclamen purple #30 by the English color chart. Strong grower, deep green foliage. Holds its lower leaves well even after frosts.

\$1.25 each or 3 for \$3.00.

Not less than 3 plants sold on one order. We ship by SPECIAL HANDLING and postage costs too much for a single plant. However, you can combine the Chrysanthemums with the Monarda.

A New Raspberry

A PURPLE RASPBERRY THAT IS SWEET SUCCESS—from University of N. H.—Other purple raspberries have been sour or of poor quality or unhealthy. **Success** is a vigorous, productive, midseason, purple berry having unusually sweet highly flavored berries with a delightful taste as fresh fruit that somewhat resembles black raspberries. Both cooked and canned berries have a rich dark red color and an excellent pleasant flavor.

Because of its productiveness, hardiness and fine flavored fruits produced on the outside of the bushes where they can be picked easily I believe **Success** will be extremely popular. In fact due to the rather slow method of propagation I think the demand will outrun the supply for years.
\$1.00 per plant postpaid. Because of limited supply we cannot make any reduction in price for quantity.

Sold out on **Success** plants last year and the year before. We have a fair supply for 1962, but expect to sell out of plants again. It is truly a wonderful raspberry and should be in every home garden. Not less than 2 plants on an order but may be combined with other plants.

Protect Your Glads FROM INSECTS AND DISEASES

Insecticides and fungicides except Spergon are not prepaid. So to avoid C.O.D. charges you can send money for the postage when ordering.

The following are the Parcel Post rates up to 5 lbs. for the various zones. For over 5 lbs. ask your postmaster.

	Zone 1-2	3	4	5	6	7	8
Pounds							
2	.33	.35	.39	.45	.50	.58	.64
3	.38	.41	.47	.55	.64	.74	.83
4	.43	.47	.55	.65	.77	.90	1.02
5	.48	.53	.63	.75	.90	1.06	1.21

Be sure to dust your bulbs after cleaning.

The shipping weight on which you pay postage is one lb. more than the weight of the goods you buy.

PLANTING DIP

ORTHO SEED GUARD is a new pre-planting dip that contains Lindane and Captan. It gives excellent control of thrips and fungus diseases. It will not harm bulbs in any way when used according to the directions. Protects the

bulbs in the soil from wireworm and other soil insects. Highly recommended as the best pre-planting dip. A small amount of this material is used in water. It goes a long way.

4½ oz. can \$2.25

This size prepaid. Will treat 3 bushels of bulbs.

STORAGE DUST SPERGON GLADIOLUS DUST

Dry powder. Contains Spergon and 3% DDT to be applied to bulbs before planting, or after digging in the fall, to help control rot and thrips. May be used on gladiolus, tulips, narcissus, iris and lily bulbs. Our biggest seller.

Recommended by Agricultural Experiment Stations as one of the best fungicides.

PRICE 2 oz. can .75 PREPAID

1 lb. can, PREPAID, \$2.65, Florida, Alabama, Mississippi and west of the Mississippi River \$2.85

5 lb. bag, FOB \$7.00, 50 lb. drum FOB \$57.50

WHY PULL WEEDS Kill them before they start. **Crag** is a wonderful labor saver. It is perfectly harmless to established plants but it will prevent weed seeds from germinating. I don't see how any one can afford not to use a weed killer nowadays with the high cost of labor.

Before your Glads come up cultivate or scratch over your soil in some way, then apply **Crag** and you will have no more annual weeds for several weeks. In the middle of the season cultivate again and apply more **Crag** and it should last the rest of the growing period. Most growers use a weed killer now. **Crag** is the safest to use and it works. I use it in our fields.

2 lb. Package Crag to cover 24,000 sq. ft.

Not Prepaid \$6.00

FIELD DUSTS AND SPRAYS

5% DDT Dust with 7% copper. Universally accepted dust for thrips control. Good storage dust also.

3 lb. bag \$1.25.

10% CHLORDANE—Use this when the thrips have become immune to DDT. Kills cut worms, ants, wireworms, aphids, Jap Beetle grubs and other insects. Can be used as either a dust or spray.

1 lb. 1.15, 3 lbs. 2.45.

MALATHION 50%—Use this to kill insects that carry virus to the glads. Kills aphids, flies, mosquitoes, fleas and many other insects.

4 oz. bottle \$1.29.

Pints \$2.95.

ISOTOX Garden Spray—One of the best all-round sprays. Costs only 6c a diluted gallon and kills 3 ways, by contact, stomach poisoning and vapor action. Kills nearly all kinds of insects and prevents some diseases like Black Spot and Mildew of roses.

4 oz. bottle \$1.29.

Pints \$2.98.

If you have any potting to do here is a must. These wonderful new pots from Norway are made of 75% peat and 25% wood fibre, to which soluble fertilizers have been added. Roots grow thru the pots permitting repotting into larger pots or to the field just as they are without disturbing the plant. Just the thing for starting those new, high priced bulblets. Start the plants in the pots and then at planting time put them out pots and all.

Some of the largest florists in the country use them and say that besides giving better growth of the plants that they save immensely in labor.

They are **inexpensive, light weight, long lasting, provide good root aeration, need less water and save time.** The growth is 50% faster than in clay pots.

2 1/4 inch—25 for \$1.25, 100 for \$3.50, 1000 for \$25.00 All prepaid.

Quicky Pots 3 inch—25 for \$1.75, 100 for \$5.00, 1000 for \$35.00. All prepaid.

The 3 inch are much heavier than the 2 1/4 inch.

In cleaning bulbs there is always more or less dust which rises which to many people is very annoying. Some people can't work around the old bulbs at all because of this dust. To help such people I am offering the Martindale mask which is the simplest and cheapest mask of the sort that I have seen. Anyone who is at all bothered with the dust from bulbs or dust or fumes from anything else should certainly have one of these masks.

Price 75c prepaid; No. 1 refills, standard weight, per package of 25, 60c; No. 2 refills, double weight, package of 25, 75c.

While our Martindale masks are very valuable in screening out ordinary dusts something better is needed when you are handling toxic chemicals. For this purpose you need the American Optical Co.'s R-5058 Respirator. This is approved by the U.S. Dept. of Agriculture for use against dusts, vapors and mists of Parathion, Aldrin, Dieldrin, Nicotine, Chlordane and many other toxic insecticides and herbicides and many new experimental chemicals in various forms. Many chemicals are deadly poison and should be handled with extreme care. To be on the safe side use an R-5058 Respirator.

R-5058 Respirator complete with filter cartridges.....	\$6.20
R-71558 Respirator-Goggle combination complete with filter cartridges.....	\$9.80
R-58 replacement filter cartridges (pkg. of 3 pr.).....	\$4.80

LABELS

Everyone who grows bulbs under name will want labels. There are many different kinds on the market but I think the best cheap label is a painted wooden one. However, the wooden labels, really should have a coat of varnish after the name is written, otherwise the paint will in time weather off taking the name with it.

Prices are as follows, and subject to change without notice.

WIRED TREE LABELS, $3\frac{1}{2} \times \frac{5}{8}$ inch copper wired. 50 for 60 cents. \$1.20 per 100 and 500 for \$5.50. 1,000 for \$9.00.

GARDEN LABELS

6 x $\frac{5}{8}$ " Same price as tree labels.

8 x $\frac{7}{8}$ " 25 for 70 cts, 100 for \$2.20

10 x $\frac{7}{8}$ " 25 for 75 cts, 100 for \$2.40

12 x $1\frac{1}{8}$ " 25 for 90 cts, 100 for \$3.40

LABELS PREPAID AT ABOVE PRICES IF SENT WITH BULBS. IF ORDERING LESS THAN \$2.00 WORTH WITHOUT BULBS SEND 25 CENTS FOR POSTAGE.

Strawberries

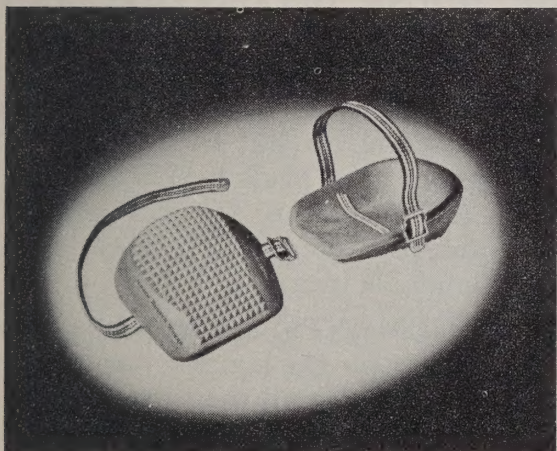

STRAFFORD The best late berry.

There are many varieties of strawberries, some suited better to certain localities than to others. Some are better for certain uses than to others. These varieties can be obtained from many specialists. I am listing only **STRAFFORD** and these are grown by another grower and shipped from Maine. The grower ships out the finest plants I have ever seen. I have grown strawberries for many years but now grow them only for my own use as I am devoting my energies to glads.

Strafford is a beautiful huge deep red berry that bears late. There are plenty of early and medium berries and some late ones but this is the finest and most dependable late one I have grown. The quality is fine, it bears heavily and keeps its size well to the end of the season. For commercial use I find the late berries pay best. A planting of **Strafford** should pay the big dividends. For late bearing **it is the best I know of.** **15 cents each with a minimum of 20. 20-49 at 15 cents. 50 and up at 10 cents each.**

We recommend to our customers **POPULAR GARDENING**, America's gardening magazine filled with how to do it gardening features and pictures.

Judsen Knee Pads

The New Lightweight Kind

Here is a great boon to anyone working in the garden or to those who have to get on their knees. They save your knees and help to prevent rheumatism or other ailments caused by getting your knees wet or sore.

Easy to put on and take off.

Comfortable

Light, compact, fine for both men and women.

Every garden worker should have a pair. Packed in a reusable plastic bag.

\$1.95 Prepaid

"You sent me **Gay Blade** last year as a postage bulb and when I dug in the fall I found four good sized bulbs and innumerable bulblets. All this and a most beautiful flower, too."

—Eleanor Zwicker, Mass.

Here and There

WHY GROW GLADS Flowers are grown primarily for their beauty. And there is no other flower in existence with the extreme range of beautiful color and exquisite forms and sizes as the gladiolus. There are all kinds of types to suit everyone and for every use to which flowers can be put. There are those just to be admired for their beauty, others for show purposes to win prizes, those for arrangements and those for every kind of commercial use to which flowers can be used.

DON'T CONDEMN A VARIETY on one years trial. Sometimes they need to be acclimated to your conditions. Sometimes you might get a bulb that for some unknown reason doesn't do well and yet the variety may be good. Better try another bulb.

GLADIOLUS REQUIREMENTS

1. Full sun all day or nearly so.
2. Plenty of water especially when coming into bloom. Also soon after planting. They claim the spike of buds is formed before the 4th leaf appears so they must have good growing conditions then. Do not plant in hot dry soil.

If you can't water, use mulch of some kind. This keeps the soil cool, too, which is beneficial.

3. Good drainage—glads can't stand "wet feet."
4. Glads will grow and do fairly well in anything from sand to heavy clay but good loam is better. If you have sand or clay mulching will help.
5. Fertilizer is needed if your soil is really poor. But don't overdo it. Any mixed fertilizer is O.K. but don't use much nitrogen. Water is really more important than a lot of fertilizer.

BEST VARIETIES No one variety is *best* for all uses. It depends upon what you want them for. To a show grower mechanical perfection with passable color is best. A florist wants "good keepers" that don't go by too fast. But there are varieties that are neither show flowers or the commercial type that are almost painfully beautiful that I could enjoy looking at by the hour. A *good* variety should be healthy and a good propagator.

USES OF GLADS

1. **FOR THE HOME GARDEN.** There are different ideas about this. Some want beauty, some want them large, others want them small and tastes differ widely as to what is beautiful and attractive. There are types to suit everyone.
2. **FOR SHOWS.** For this you want varieties that open a lot of bloom and have plenty of buds showing color and more green buds. The spike should be "balanced." Color and

beauty do not count so much as I think they should. The Canadian score card allows more for beauty which is as it should be. There are some varieties that are definitely not beautiful that can win at a show if they are mechanically good.

3. **FOR CUT FLOWERS FOR COMMERCIAL USE.** Here again beauty often does not count nearly as much as it should. Florists want varieties that keep well—that don't go by too fast. Where they are cut in tight bud as in Florida and are shipped north they have to have the ability to open well after two or three days "on the road." Very few varieties have this opening quality. The average florist wants only a few colors, mostly white and pink, with some lavender, yellow and red.

In some localities good growers who grow a larger assortment of colors and deliver direct to the florists have educated the florists and the public to demand a greater assortment to the advantage of the grower and the customer and the advancement of the gladiolus.

4. **FOR ROADSIDE SALES.** The public likes a much greater variety than they can get in flower shops. So anyone growing for roadside sales should have a lot of varieties including dark ones and smokies and odd colors.

5. **FOR HOUSE DECORATION AND TO GIVE AWAY.** No other flower adapts so well to home decoration. There are colors and styles to harmonize with every kind of room decor and to suit every kind of taste. Many people grow glads to help decorate their church and to give to the sick and shut-ins and so spread happiness in their community—a very laudable idea.

6. **ARRANGEMENTS.** Many like to make arrangements for the home or for competition and this is growing all the time. For this purpose miniatures are especially adaptable.

Whatever you want to use flowers for there are varieties of glads that are more suitable than any other flower I know.

FERTILIZER The first question a beginner always asks is what fertilizer to use. This is relatively unimportant if your soil is fairly good. I understand bone meal is good under the bulbs and it will not burn the roots. Go easy on fertilizer especially one high in nitrogen as that is likely to cause disease. What is more important than a lot of fertilizer is water, especially when the buds appear.

Do *not* use fresh manure or a lot of fertilizer. Old rotted manure may be O.K. if put on the year before planting glads.

SIZE OF BULBS If I wanted to get the most for my money I would plant #3 or medium size bulbs. If you give them good care they will give you about as good blooms as larger bulbs and a better bulb for the next year. A bulb one or two

years old from a bulblet is supposed to be at its best, as a general thing, but some varieties don't readily make #1's till they are 3 years old. Sometimes or often Jumbos are past their prime and don't do as well as smaller and younger bulbs.

Some growers can produce exhibition spikes and large bulbs at the same time from small bulbs. One procedure that many show growers follow is to buy small or medium size bulbs and grow them on a year according to their own pet ideas and produce a large bulb that they think will really go to town in making a big spike for the show.

One thing is certain, a medium bulb given good care will produce a better spike than a large one or a Jumbo that doesn't get the right treatment.

BEAUTY OF FORM Perhaps you haven't realized it but form is fully as important as color in a flower. Take two blooms of identical coloring, one with plain petals and the other heavily ruffled or frilled and there is no comparison as to the beauty of them. Most glads being introduced today are ruffled more or less. A plain petalled one has to be very outstanding in other ways to get by. Don't overlook beauty of form.

DO GLADS CHANGE COLOR? THEY DO NOT. Please don't spring that gag on me again. Every year a number of people write me that they planted one color and they bloomed another. I think hereafter I shall ignore such letters. Except for the extremely occasional bulb that mutates or, as we say, sports, usually to a lighter shade glads cannot change color any more than a person or an animal can. Yet many otherwise bright people swear that they do. What happens is that some varieties are strong, healthy growers and good propagators and others are a bit weak and die out. When you think you are harvesting 2 varieties you are really harvesting only one. The others are so far gone they won't grow the next season. But the healthy ones do grow. So, many people think they changed color. You can't change the laws of nature.

BLOOMING DATES It always seemed foolish to me to give the exact number of days to bloom. Most varieties will bloom over a period of 2-4 weeks and some will straggle thru the whole season. Then the dates vary greatly in different parts of the country and because of time of planting. The later they are planted the shorter time it takes to bloom.

So the only practical way of giving blooming dates is to call them Early, Mid-season or Late with some Early-Mid-season or Late-Mid-season.

FOR A LONG BLOOMING SEASON Plant early, mid-season and late bloomers all at the same time, as early as possible. Then if there are certain varieties you want to bloom over a long period plant some at intervals of 10-14 days. But remember that the later you plant them the shorter time it takes them to bloom. Sometimes those that are planted first, if the weather is

cold, do not bloom much earlier than those planted 2 weeks later

THRIPS Whenever the plants make good growth but the buds dry up and do not open the trouble is thrips, a minute insect that sucks the juice from the buds. These can easily be avoided by spraying or dusting with DDT or Chlordane, preferably the latter. *OR* what is much easier and more reliable is to scatter Chlordane in the trench when planting. This goes into the system of the plant and thrips don't like the taste.

If you do get thrips the bulbs will be good for another year as far as thrips are concerned if you dust them with DDT at digging time. It is also well to dust with Spergon after cleaning them. This will help to keep them healthy.

MISPLACED FLORETS Most varieties have good placement but certain conditions of environment or weather might affect them. Some years misplacement is worse than in others. However, if you are growing for a show or want them to have extra good placement you can help them by beginning when the buds are small and gently pull them around to the front. As they grow larger the placement will be good. This is what the good show growers do. And when you are in keen competition in a show you have got to have them pretty near perfect to win the big prizes.

VIRUS White break or Bean Mosaic is becoming prevalent in many parts of the country. Whenever you find blooms spotted white pull up the plant and destroy it at once. Flying aphids carry this from one plant to another and from a number of other plants like beans, cucumbers, melons, asters, tobacco, legumes and some weeds. You should keep weeds down around the field as well as in it. To avoid this incurable disease spray with Malathion or Isotox or some other insecticide that will kill the aphids and any other insects that might carry it.

FLORIDA CUSTOMERS—IMPORTANT And others who want to plant in the fall. Remember no bulbs grown this year are ready to be planted till late December. They have to have a rest and undergo a chemical change. If you want to plant in the fall order in the spring and we will hold them for you in our refrigerator. I wouldn't recommend planting these held over bulbs later than October unless you get them early and store them in a regular cold storage at 35-38 degrees.

BULBLETS Bulblets are a good means of getting started in high priced varieties but remember they do not germinate 100%. Soaking them for a day or so or sunning them for a couple of days will help. Personally I would soak or sun or peel all high priced bulblets till I found out if they were easy germinators.

Size of bulblets has nothing to do with germinating or growing qualities. Some kinds naturally make huge bulblets and others very small ones.

How to Make Out Your Order

It is very simple. There are just 4 items to put down in the 4 columns: number of bulbs—variety—size of bulb and amount of money for this item. Some people put down the parentage, classification number, season of bloom and other things too numerous to mention. This is unnecessary and confusing.

And be sure to put down the variety. Some write only the classification number apparently confusing this with the numbers given in some seed catalogs to identify the various items. But as there are many varieties with the same classification number we have to know which variety you want.

MINIMUM ORDERS: Please do not send orders for assorted varieties for less than \$3.00. We can't handle them to advantage. Some of the collections are less and that is O.K. And no item for less than 25 cents except where they are priced for less. Do not split items. We can't handle 10 or 15 cent items except at a loss. 10 for a certain price means 10 of a size and variety. You can't order 2 of a kind to make up the 10. It's the same from the quantity list. Not less than 25 of a size and variety at the 100 rate.

PAYMENT: Prices are for cash with order. We do not do a credit business except with a few old customers who have established a credit account with us. We can ship C.O.D. if you send at least \$1.00 with an order of \$4.00 or less or 25% on larger orders. No more orders are going out with no down payment unless you have established credit.

SHIPPING CHARGES: We pre-pay all retail orders in the U.S. and we pay the postage and duty to Montreal. From Montreal they are not prepaid. However, if you will pay the postage we give bulbs of

certain new high class varieties worth much more than the postage. You must pay *at least 35 cents* and as much more as the postage amounts to. The **FREE** bulbs will be worth at least 2 to 3 times as much as the postage. This is a chance to get fine new varieties at low cost. Most people take advantage of this offer.

ACKNOWLEDGEMENT OF ORDERS: We acknowledge all orders by card or invoice soon as possible except on orders going right out or sometimes late in the season when we are terribly rushed and the orders will be shipped in a very short time anyway. If you get an acknowledgement card **keep it** and if writing about the order **mention the order number**.

AIR MAIL may save you several days. We have several flights in and out of Burlington every day. Don't send Special Delivery. We get regular mail quicker as we get it at the P. O. as soon as sorted, 3 times a day.

ORDER EARLY: Tho we have a big stock of bulbs we always run short of some kinds or sizes. So get your order in early as possible to be sure of getting what you want. We can always furnish the unlabeled collections but even these can be handled better if ordered early.

ABOUT XTRAS: On orders from the quantity list we give 5% xtra count and usually something xtra to try out.

On retail orders of \$3.00 or more we give something for trial except on collections. These are big value "as is." There are no xtras on varieties being introduced this year nor on certain other varieties which are in short supply or that I am listing for other growers. Just leave it to me and I shall try to please you.

Goliath

Sunnydale

Lavanisque

Happiness

Goliath 534 (Baerman-Majeski) (Royal Stewart x Southern Belle) Mid-season This enormous deep salmon pink was champion seedling at the Western International Glad Show at Sumner, Wash. in 1960. A fine performer. We counted spikes with ten six-inch blooms open at once out of a total of 20 buds (many in color) with the entire row of large bulbs in bloom at once with ramrod spikes 66" tall.

Large \$1.20, Medium .80.

Sunnydale 416 (Baerman-Weeks) Late A very fine ruffled yellow. 5 feet tall with up to 25 buds. Grand cut flower.

Large \$.75, Medium .50, Small .35, Bts. 10/.75.

Lavanisque 404 (Baerman-Wagner) Early-mid-season Beautiful tall blue-lavender shading to lighter throat. Very tall plant with a long ribbony spike of well placed blooms. Opens 10-12. A fine variety. A coming commercial.

Large \$.35, Medium .25, Small 2/.30, Bts. 10/35..

10 of a size for price of 8.

Happiness 446 (Baerman-Majeski-Weeks) Early-mid-season The picture describes the flower tho to me the real color is a bit lighter. Mr. Baerman considers this one of his greatest creations to date. Tall plants with up to 9 open on 20 bud spikes. A gorgeous flower and one of my best sellers among the new ones. A must have.

Large \$2.00, Medium 1.50, Small 1.00, Bulblets 5/1.00.

Cheerfulness

Blue Mist

Moon Magic

Tillamook

Cheerfulness 430 (Baerman-Gove) Mid-season Glowing salmon apricot with melting yellow throat. A beautiful strong growing variety of great appeal. More salmon than the picture.

Large \$1.00, Medium .75, Small .50, Bts. 3/.25, 100/6.50.

Blue Mist 370 (Baerman-Gove) Early Mid-season An exquisitely beautiful light blue with white throat. The picture is quite accurate. This was very fine with me this past season. Fine florist flower. Commercial growers who tried it last season have given very favorable reports.

Large \$1.25, Medium .75, Small .50, Bts, 10/1.00.

Moon Magic 510 (Baerman-Gove) Midseason-late Huge stunning rich cream with soft golden throat. Big fat buds show the ruffling and color. Very nice.

Large \$.60, Medium .40, Small .30, Bts. 8/.25, 100/2.50.

Tillamook 480 (Baerman-Gove) Midseason Silvery salmon smoky with ivory throat. I call it coppery smoky. Fine clean color. Makes tall slender plants with 9-10 or more nicely ruffled blooms open at a time. A "different" and beautiful smoky.

Large \$.75, Medium .50, Small .35, Bts. 4/.25, 100/4.00.

Alpenrose

Blue Ribbon

Golden Rosette

Climax

Alpenrose

454 (Baerman-Wagner) Mid-season Rich cerise rose with snow white blotch—an unusual and rich coloring. Florets are large, round flat open and nicely ruffled. A beautiful variety. Good doer, blooms freely even from bulblets.

Large \$1.00, Medium .75, Small .50, Bts. 10/1.00.

Blue Ribbon

370 (Baerman-Majeski) (Innocence x Caribbean) Early-mid-season This 24 bud medium-light blue opens a real ribbon of blooms on spikes about 60" tall. Its spire-like flowerheads remind one of delphiniums and it should be a good glad to plant in groups among perennials.

Large \$.60, Medium .40, Small .30, Bts. 10/.60

Golden Rosette

416 (Baerman-Majeski) (Golden Sunshine x Prospector) Late. This is the tallest and largest yellow from this originator. We have had **Golden Rosette** 72 inches tall. With as many as 11 beautifully ruffled wide-open waxy florets open at a time on 21 bud spikes, **Golden Rosette** is a tremendously impressive yellow destined for great popularity. One of the best.

Large \$1.00, Medium .75, Small .50, Bts. 10/\$1.00.

Climax

450 (Baerman-Majeski) (Innocence x Caribbean) Mid-season. This ultra-regular rose pink with beautiful round florets shares a trait found in many prime cut-flower varieties: bulbs of the same size all blooming simultaneously, making a row an impressive sight and facilitating quick cutting. Garden visitors snapped a color picture when they came to this one. 23 buds, 63" tall.

Large \$1.00, Medium .75, Small .50.

Snowstorm

Violet Queen

Topaz

Eighth Wonder

Snowstorm 400 (Baerman-Majeski) Mid-season Waxy snow white with creamy throat. A fancier's flower. Give it good culture and you will be happily rewarded.

Large .35, Medium .25, Small 2/.30, Bts. 10/.35.
10 at 8 times the single rate.

Violet Queen 476 (Baerman-Weeks) Very early The above is a very poor picture of a fine rich deep violet. The color is much deeper than the picture—more like the color of the Elk's Pride petunia. This is a fine early variety.

Same prices as Snowstorm.

Topaz 416 (Baerman-Weeks) Mid-season A very fine yellow with fancy ruffling and frilling. Nice long spikes of 20–24 buds. A connoisseur's yellow. It was outstanding here and has met the approval of many people. I am sure you will be pleased with it. The best at the price.

Prices same as Snowstorm.

Eighth Wonder 466 (Baerman-Majeski) Very early Sister of Emperor but much lighter in color, 3 weeks earlier and makes a longer ribbon of bloom. A spike is a bouquet in itself. Blooms are flat open and recurved.

Prices same as Snowstorm.

L' Amour

Ming Yellow

Lavender Masterpiece

L' Amour 350 (Baerman)

The picture does not do justice to a magnificent variety.
See page 6.

Ming Yellow 416 (Baerman)

The finest yellow yet. See page 6.

Lavender Masterpiece 564 (Baerman)

A very high quality 6 inch deep lavender. See page 6.

Valiant

Scarlet Plush

Ruffled Lotus

Valiant 443 (Baerman)

This has all the needed qualities for a top-notch cut flower variety. See page 7.

Scarlet Plush 436 (Baerman)

Flaming scarlet—brighter than picture. See page 7.

Ruffled Lotus 410 (Baerman)

Six foot grower that often opens 12. Very beautiful. See page 7.
